

COMMITTEE WORKS FOR ROOSEVELT NOMINATION

COLONEL IS OFFICIALLY NOTIFIED BY GEORGE VON L. MEYER

In Reply Roosevelt Enumerates Principles for Which He Declared He Is Fighting—Welcomes Support—Group of Oyster Bay Progressives Witness Notification.

Oyster Bay, N. Y., May 22.—In reply to George Von L. Meyer, former secretary of the navy, who today officially notified him that the Roosevelt Republican committee with membership in thirty states had been organized to work for his nomination for the presidency by the Republican party, Col. Roosevelt enumerated the principles for which he declared he was fighting, adding "they are the principles you are organizing to support and with all my heart I welcome such support."

Mr. Meyer headed a delegation of 25 members of the committee. In his speech of notification, he told Mr. Roosevelt that one of the purposes of the committee was to "aid the Republican party in going before the country re-united and in full strength with a candidate who is listened to and trusted by the great mass of the people."

A group of Oyster Bay Progressives were visitors at the Roosevelt home and witnessed the notification. Colonel Roosevelt's reply to the delegation follows:

"I am naturally very deeply touched and pleased by your action. I accept it absolutely in the spirit which you have taken it. You are for me because you regard me as representing and embodying the aggressive movement for thoro-going Americanism and thoro-going preparations. Your devotion is to the cause and to the man only insofar as he for the time being embodies the cause."

"That is precisely the attitude I took in my Trinidad statement. I now hold and shall continue to hold this a great time of crisis in our country's history because it is a great crisis in the history of the world. If we are unprepared, if we are split and sundry by rivalries of creed, of section and national origin; if our country's action is to be conditioned by helplessness without any of the hyphenate within, the career of the United States as a great factor in the world's civilization is at an end."

"There is no use being for half measures of Americanism and preparedness. Still less is it of any use for any public man to announce himself in vague general terms as in favor of Americanism and preparation unless his whole course of action in public life has made it evident that he means just exactly what he says. Unless, if he is in office or has been in office, his career has been such as in fullest measure to warrant the belief that he is a man of deeds and not of words in this matter and unless in every crisis when he is in or out of office, he frankly and fully takes a position on the concrete facts which are up for decision and applies the abstract statements directly to these concrete facts."

General professions are utterly worthless unless, in the first place, the man making them is ready to apply them to every concrete case as it actually arises and unless, in the second place, when he has the opportunity he at once turns his words into deeds."

"I am fighting for these principles. They are the principles you are organizing to support and with all my heart I welcome such support, accepting it as given, primarily to the principles and only secondarily for myself. Any man at this time of crisis who is not aggressively openly and specifically for these principles is against them and every patriotic man should treat our public servants on this basis."

SENATE COMMITTEE REPORTS AGRICULTURAL MEASURE

WASHINGTON, May 22.—The agricultural appropriation bill was reported by the senate committee today carrying \$23,900,000, a reduction of nearly \$750,000 from the total as passed by the house. The committee cut in half \$2,500,000 provided by the house for foot and mouth disease eradication and eliminated entirely \$200,000 allowed for free distribution of seeds. Items for general expenses of the animal industry and stock bureau were increased \$236,000. If the bill passes as reported there will be a fight in conference, as the house always insists upon its free seeds.

THREE FORMER GOVERNORS TO ADDRESS CONVENTION

Peoria, Ill., May 22.—Former Governors John P. St. John of Kansas; William Sulzer of New York and Eugene A. Foss of Massachusetts, will address sessions of the Prohibition State convention here May 31-June 1, according to programs of the convention issued today.

Selection of delegates at large to the national convention will take place on the first day of the convention. Nominations for governor and other state officers will be made at the closing session.

ECONOMIC SITUATION IN MEXICO EXTREMELY GRAVE

Reports to State Department Picture De Facto Government as Facing a Serious Domestic Plight.

Washington, May 22.—The economic situation in Mexico is extremely grave, according to official advices today to the state department. With the monetary problem already acute the food shortage in Mexico City and vicinity continuing without prospect of any immediate relief and with the labor strike extending over virtually all the Mexican railway lines, the de facto government is pictured as facing a serious domestic plight. First hand reports as to the situation in northern Mexico will reach the department tomorrow.

Consul Letcher from Chihuahua City is enroute to Washington, presumably bringing with him a synopsis of the reports of five other consuls recently ordered to the border to talk over conditions with military officials there. It was officially stated that while Mr. Letcher would make his report on conditions in Mexico, that was not the sole purpose of his trip. It was explained he was ordered here that routine matters might be taken up with him, but no inkling of their nature was given out. While reports as to the domestic situation of the Carranza government are gloomy, the attitude of Mexico towards the United States has been described as more friendly since the border conference between Generals Scott and Obregon.

HUNDREDS OF MOST PROMINENT PROGRESSIVES TO ATTEND MEET

Large Number Write to Secretary Davis That They Will Attend.

Chicago, May 22.—Hundreds of the most prominent Progressives in the country will attend the national convention of the party in Chicago beginning June 7th, according to Secretary Oscar King Davis.

Among those who have written to Secretary Davis that they will attend the gathering are:

Oscar H. Straus, E. H. Hooker, William Gamlin Childs, George W. Perkins, Bainbridge Colby and Walter A. Johnson of New York.

Gifford Pinchot, E. A. Van Valkenberg, William Flinn, A. M. Detrich of Pennsylvania.

Governor Hiram W. Johnson, Chester H. Rowell and Meyer Lissner of California.

Herbert Knox Smith and Joseph W. Alsop of Connecticut.

Albert J. Beveridge, E. M. Lee and William Holton Dye of Indiana.

Charles J. Bonaparte and N. Winslow Williams of Maryland.

G. D. Pope and John F. Smith of Michigan.

Matthew Hale and Leon Baldwin of Massachusetts.

James R. Garfield, A. L. Garford and Walter F. Brown of Ohio.

T. H. Wanamaker, of South Carolina.

H. F. Cochmans, of Wisconsin.

WINNESSES DISPUTE CARDUI WAS USED AS AN INTOXICANT

CHICAGO, May 22.—Witnesses to dispute the testimony that Wine of Cardui was used as an intoxicating liquor were introduced today.

One of the witnesses was William Marbury, a negro lad who said he answered commonly to the name of "Buttons." His home is at Sylacauga, Ala., a name which he spelled for the court.

"Did you ever tell a Dr. Maxwell that you drank Wine of Cardui?" he was asked.

"No sir."

"Do you ever drink anything like it, or do you drink whisky?"

"No, I don't touch anything."

Clarence L. Goldstein, Oakdale, Tenn., denied he ever drank Wine of Cardui as testified to by Joseph P. Cooper, a barber.

W. J. Johnston, merchant, and J. H. Lynch, engineer of Oakdale, testified that Cooper's reputation for truth and veracity was not good.

WOULD PERMIT WOMEN OF PHILIPPINES TO VOTE

WASHINGTON, May 22.—While the house was sitting as a committee of the whole today with hardly a hundred members on the floor, chief Republican Leader Mann offered an amendment to the Porto Rican government re-organization bill which would permit women of the island to vote. It was adopted 60 to 37, but the Democrats are prepared to strike it out tomorrow on a roll call vote in the house proper. Debate on the bill was completed tonight.

SUGAR PRODUCERS MAKING LARGE PROFITS

San Juan, Porto Rico, May 22.—Porto Rican sugar producers are making unexpectedly large profits, owing to the condition of the crops and the prices obtained in consequence of the European war. In the Guanica district where the season ends this month, the output will be about 75,000 tons.

FILIBUSTERING CONDITIONS

Washington, May 22.—Filibustering against the rivers and harbors appropriation bill continued in the senate today and tomorrow will mark the beginning of the third week the measure has been under consideration. Senator Kenyon who with Senator Sherman is conducting the filibuster, insisted today upon roll calls on all amendments and there was prolonged discussion over each.

ENDORSE PLANS TO UNITE METHODISTS

GENERAL CONFERENCE TAKES ACTION OF WIDESPREAD IMPORTANCE

Votes Against Abolishing the Missionary Episcopacy by an Overwhelming Majority—Lively Debate Marks Proposal to Advance Missionary Bishops.

Saratoga Springs, N. Y., May 22.—Action of widespread importance to Methodism was taken today by the general conference of the Methodist Episcopal Church, which by an overwhelming majority voted against abolishing the missionary Episcopacy, and later decisively endorsed plans that may lead to the unification of the Methodist church in the north and south before the next quadrennial session. Lively debate marked the proposal to advance all missionary bishops to the grade of bishops, with full powers and to elect no more bishops whose Episcopal authority is limited to the foreign mission field.

J. Frank Hanley of Indianapolis introduced a resolution signed by himself and eleven others asking that a recommendation of the delegates and missionary representatives from Southern Asia be endorsed. The resolution urged that the election of a missionary bishop for Singapore be indefinitely postponed, pending reassignment of the territory under the missionary bishops. The conference approved the postponement.

Mr. Hanley also asked that missionary bishops John E. Robinson, stationed at Bangalore, India; Frank W. Warner of Lucknow, India; John W. Robinson of Bombay, India; and William P. Eiland of Manila, Philippines, be elected general superintendents, and that one bishop be chosen for Africa instead of two missionary bishops.

The proposed change was characterized as radical and "almost revolutionary" by several delegates. William E. Palmer of Paterson, N. J., Francis M. Larkin of San Francisco; Edward P. Bennett of Berkeley, Cal., and William H. Crawford, president of Allegheny College, Meadville, Pa., opposed the resolution.

Eventually the resolution was defeated by an almost unanimous vote. In the selection of two missionary bishops for Africa, it was provided that one, who is to supervise the work in Liberia, must be of African descent.

A deadlock over both offices resulted in the first ballot, but the withdrawal of a number of negro candidates, it was said, virtually assured the election of Alexander P. Campbell of Birmingham, Ala., as bishop for Liberia. The votes for the other missionary bishops were divided between Ebons Johnson of Sioux City, Iowa, with 127; J. E. Crowther, of New York, department secretary of the Board of Missions, 216; and Albert E. Smith, president of Ohio Northern College, Ada, O., 122.

The board of bishops was given the power to decide if the present conference shall meet again in 1918 to consider the plan for Methodist unity. Otherwise the proposals will not reach the Northern church officially until 1920, when the next general conference meets.

CLASS DAY EXERCISES HELD AT JACKSONVILLE HIGH SCHOOL

Fun Runs Riot as Seniors Lay Down Duties of Four Years Ago and Initiate Juniors of J. H. S.

Unbounded fun attended the annual class day exercises last night in J. H. S. auditorium when seniors of the school laid down numerous duties and passed on to the juniors the virtues and vices which had been their own for the four years that are gone.

At the conclusion of the class day program and before the trophies were presented to members of the senior class Prof. T. P. Carter presented the J's, which went to Homer Reynolds, Howard Reynolds, Edward Tomlinson, John Claus, John Flerke, Harold Ferguson, Dallas Hagan, Arthur King, Carl Spencer, Russell Hull, John K. Furry and Clyde Hemmrough.

The class colors occupied the stage which was appropriately decorated in the '16 colors, green and white. John K. Furry, president of the class presided. Following is the program:

Class History—Miss Grace Van Houten.

Class Will—Frank Hughes.

Class Poem—William Bartlett; Read by Miss Ruth Fenstermaker.

Vocal Solo—Uriel Goveia.

Presentation of Senior Record Book—Miss Catherine Carter.

Response of Juniors—Homer Reynolds.

Class Prophecy—Walton Bland.

Presentation of J's—Prof. T. P. Carter.

Presentation of Trophies—Miss Esther Davis, Frank Robinson.

WILLIAM TALMADGE HUNT DIES

NEWARK, N. J., May 22.—William Talmadge Hunt, for many years prominent in New Jersey politics, died here today. He was born in Buffalo in 1854.

TELEGRAPHIC BRIEFS

SIoux CITY, Ia.—A masked robber entered the Farmers' and Merchants' bank here forced the cashier at the point of a gun to turn over from \$800 to \$1,000 and then made his escape.

QUINCY, Ill.—Alvin Smith of New Canton, Ill., near here, was kicked into the water of the Snl by his pet calf and was drowned.

SAPULPA, Okla.—Robbers eluded six patrolmen on Main street in Sapulpa and carried away in an automobile from the Yale theatre a safe containing \$600.

IOla, Kan.—Mrs. Ruby Stephens confessed that she killed Clifford Kistner, a wealthy farmer at his home near Bayard. She declared Kistner had ruined her life.

BIRMINGHAM, Ala.—Three persons, two white and one negro are dead and ten or more are injured as the result of a cyclone which struck Sunnyside and Songo, ten miles south of Birmingham.

NEENAH, Wis.—"Preparedness" has been adopted as a class motto by the Kimberly High school of Neenah and occupies a prominent place on the commencement programs that have been issued.

GENEVA, Ill.—Willard P. Dickinson said to have been at one time president of the Memphis and Pensacola railroad, was indicted by the grand jury here on a charge of operating a confidence game. The alleged offense consisted in passing a worthless check on E. J. Murray, ticket agent of the Chicago & Northwestern railroad here.

MOUNT MORRIS, Ill.—Ellen Trine, the mother of Ralph Woods Trine, the author, is dead at her home here. She was 78 years old. She came to Illinois with her parents in 1845.

HOUGHTON, Mich.—The Right Rev. Melchior Faust, missionary director of the Catholic Indian Reservation of Baraga county is dead. He was 68 years old and was the holder of the Iron Cross for bravery displayed while serving with the German army in the Franco-Prussian war.

EDNA, Texas.—L. Thedford, who could not swim, jumped from a high bank into the Nacavida river near here to rescue Eugene Chapman, Jr., eight years old, who was thrown into the water when his skiff overturned on a shoal. Both were drowned. Thedford was 45 years old.

FLOOD OF LAVA FLOWING DOWN SIDE OF MANUA LOA VOLCANO

HONOLULU, May 22.—Mauna Loa volcano which was in eruption last week has broken out again.

A flood of lava, which burst forth last night at an elevation of 7,000 feet is flowing down the mountain side, travelling southwest at the rate of about a mile an hour.

The flood of lava has divided, following two channels. The glow illuminates the entire landscape at night.

Newspapers can be read by its light many miles away. The course taken by the lava is that followed by the last eruption about nine years ago. The sea is about fifty miles from the mountain in this direction and there is little property of value in between.

SALOONS RE-APPEAR IN BLOOMINGTON

BLOOMINGTON, Ill., May 22.—After having been dry territory for two years, saloons made their reappearance in Bloomington today, licenses being granted to thirty-five. They now operate under a strict ordinance, at \$1,200 per year license, must not use screens and are required to close at 10 p. m. But one door is permitted and this must open to a street. The new ordinance resulted in a vast amount of remodeling of buildings.

DUNNE WILL MARCH IN PARADE

Springfield, Ill., May 22.—Governor Dunne will march in the preparedness parade to be held in this city June 3rd, instead of going to Chicago it was announced here today. Plans for a parade were made for a celebration which will include towns within a radius of 40 miles.

DENIES BERLIN REPORT

LONDON, May 22.—The British admiralty, referring to a report sent out from Berlin that survivors of the British Steamship Cymric, which sank May 9th, had asserted the sinking of the vessel was due to the explosion of her boilers, declares the statement to be entirely unfounded. On the contrary, says the admiralty, the Cymric was torpedoed without warning.

TWO SHIPS ARE SUNK

LONDON, May 22.—The French steamer Languedoc and the Italian bark Erminia have been sunk, according to reports received by Lloyds. The Languedoc was 1,208 tons. The shipping registers do not report her recent movements.

The Erminia was 1,544 gross tonnage, sailed from Savona, May 11, for Philadelphia.

CHARGES DR. WAITE CHLOROFORMED PECK

DISTRICT ATTORNEY MAKES ACCUSATION AT OPENING OF TRIAL

Alleges Dentist Applied Chloroform to Millionaire's Nostrils Until He Died—Waite Appears as Much Moved as the Most Disinterested Spectator.

New York, May 22.—Dr. Arthur Warren Waite, the young dentist and tennis player, who was placed on trial before Justice Clarence J. Shearn and a jury in the criminal branch of the supreme court charged with the murder of his wealthy father-in-law, John E. Peck, of Grand Rapids, Mich., not only administered deadly disease germs and poison to his victim, but applied chloroform to his nostrils until he died, it was alleged, by District Attorney Edward Swann in his opening address to the state.

The trial which began shortly after 10 o'clock this morning moved rapidly. A jury was selected in less than three hours and the district attorney consumed only half an hour in his formal presentation of the state's case.

Meantime, Waite, who was neatly dressed in a blue suit and sat by his counsel, appeared as much unmoved as the most disinterested spectator in the court room.

Aside from the address of the district attorney in which he recited Waite's life history and gave a complete resume of the circumstances leading up to the crime to which Waite already has confessed, the outstanding feature of the trial today was the testimony of Dr. Albertus Adair Moore. Waite, the witness declared admitted to him he had purchased arsenic for his 72-year-old father-in-law, "because the old gentleman didn't want to live."

"Waite asked me," said Dr. Moore, "if arsenic administered before death, would show in an autopsy, as distinguished from the same poison when used in embalming fluid."

The witness said he replied that poison would be discernable if administered before death.

LONE BANDIT ROBS MAIL CAR ON TEXAS & PACIFIC TRAIN

SHREVEPORT, La., May 22.—A mail car on a Texas & Pacific railway train enroute from New Orleans to Fort Worth was entered by a masked man shortly after 10 o'clock tonight as the train was leaving Grand Cane, a station about twenty miles south of here. The robber at the point of a pistol, placed empty mail sacks over the heads of the postal clerks after which he leisurely rifled the registered mail in the car.

The man left the car shortly and the alarm was given at Keithville, the next stop. No trace of the robber has been found up to a late hour tonight and nothing could be learned regarding the value of the mail stolen.

REPORT CONDITION OF WINTER CEREAL CROPS IN EUROPE

WASHINGTON, May 22.—Winter cereal crops in France, Italy and the Netherlands are reported in satisfactory condition by the international institute of agriculture in a cablegram received today by the department of agriculture. Tunis reported a very good condition. Wheat in Scotland was equal to the ten year average; Sweden reported it 12 percent better than the ten year average; Switzerland 1 percent better; Ireland 15 percent less; Italy's wheat area this year is 1,722,000 acres a decrease of 5.9 percent from last year but above the ten year average while the oats area is 2.9 percent more than last year.

India's wheat production is forecast at 316,926,000 bushels, a decrease of 17.5 percent from last year.

WILL ATTEMPT TO ARBITRATE STRIKE

Lincoln, Neb., May 22.—An attempt will be made at a meeting Wednesday night to arbitrate the strike in the building trades which began today. During the afternoon the carpenters, hioisters and iron workers on the ten story terminal building were ordered by their unions to return to work and most of them complied.

UNABLE TO BREAK DEADLOCK

Chicago, May 22.—Cook county Republicans were again this afternoon unable to break the deadlock over the chairmanship of the county committee and adjournment was taken to June 1st. The Deenen-West men proposed recess until after the primaries of September 13th. The motion failed by vote of the Brundage "neutrals." It was predicted that the fight would not be settled until after the primaries.

CUMMINS' NAME UNOPPOSED

Sioux Falls, S. D., May 22.—The name of Senator Albert B. Cummins of Iowa will appear unopposed on the Republican presidential preference primary ballot in South Dakota tomorrow. Other names, however, may be written on the ballot by the voters.

TWO VENIREMEN ARE TENTATIVELY ACCEPTED TO TRY WILL H. ORPET

Most of Veniremen are Excused Because They Said They Could Not Convince a Person on Circumstantial Evidence.

Waukegan, Ill., May 22.—Of the forty three veniremen examined today in an effort to secure a jury to try Will H. Orpet on a charge of murdering Marian Lambert two were tentatively accepted by both sides and two others were passed by the defense. A third, L. H. Whitney, who had been accepted by both sides in the forenoon, was later excused.

Most of the veniremen examined today said that they had no fixed opinion as to the guilt of the young University of Wisconsin student but that they could not convict a person on circumstantial evidence. They were mostly farmers. Heretofore veniremen desiring to escape jury duty in this case have said that they had a fixed opinion as to Orpet's guilt.

John Perigo, an elderly cement worker, was about to be accepted today when the state inquired if he would hang a man on circumstantial evidence. Perigo replied that he was opposed to the infliction of the death penalty under any circumstances on first offense. He was excused.

A rumor that the state's attorney planned to re-enact the Lambert tragedy in court was denied by him. It is expected that the jury will be secured before the week ends.

TO BRING CHARGES OF HERESY TO FLOOR OF GENERAL ASSEMBLY

ATLANTIC CITY, N. J., May 22.—Despite the efforts of the administration forces of the Presbyterian general assembly to have the charges of heresy against the New York Presbytery settled in committee it was learned tonight that the committee on bills and overtures had reached a definite understanding and that the matter will be brought to the floor of the convention. The committee will report a compromise agreement recommending that the New York Presbytery be reprimanded and given to understand that it must exercise more caution in the future. A period has been set aside tomorrow morning for a consideration of the report and a spirited fight is expected. Many delegates announced tonight that they would protest such a recommendation and would demand more severe punishment. Leaders of both factions were hopeful but declined to make any predictions as to what action the convention will take.

SPRINGFIELD MAN MEETS DEATH NEAR WAVERLY SUNDAY MORNING

Edward O'Connell Falls Beneath the Wheels of C. P. & St. L. Freight Train—Left Home After Quarrel With Father—Coroner Wright Holds Inquest.

Edward O'Connell, son of Mr. and Mrs. Charles O'Connell of Springfield, was killed Sunday morning by a C. P. & St. L. freight train at a point two miles south of Waverly. The first news of the accident was taken to Waverly by Walter Caruthers, who in passing along the track noticed a portion of a mangled foot and leg and a short distance further came upon the body of the dead man. Coroner Wright of this city was notified and had the remains taken to the undertaking rooms of Swift & Beatty in Waverly, where an inquest was held Sunday.

It seems that O'Connell, who was twenty four years of age, left his home in Springfield Saturday night after a quarrel with his father and had started to St. Louis to obtain work. The supposition is that he fell between the cars of the freight train on which he was riding and was ground to pieces underneath the wheels. The inquest was held by Coroner Wright after he had empaneled the following jury: A. R. Calhoun, foreman; Abe L. Meacham, clerk; George Bouillon, Lewis Walker, Otis H. Brown and C. E. Crowell. The facts brought out were practically as given above.

The dead man's father, Charles O'Connell, is under arrest in Springfield on complaint of his wife. It seems that the father went on a rampage Saturday night and after attacking his younger boy with a ball bat, threatened his wife. According to her story, repeated to the Springfield police, he stood over her with a drawn razor for nearly two hours and during practically all of that time she was in deadly fear that her life would be taken. It was during this family row that Edward O'Connell after words with his father, left and started on the journey which ended in his death. Police who went out the O'Connell home following the complaint of the wife found everything in disorder and the general surroundings corroborated the statement made by the wife. O'Connell has a bad reputation for his quarrelsome spirit and was at one time arrested on a charge of being implicated in a murder, but the evidence against him was not sufficient and he was released.

NAME FIVE DELEGATES

Providence, R. I., May 22.—Progressives of the state in convention today elected five delegates and five alternates to the national convention in Chicago June 7. The delegation is unpledged officially but is for Theodore Roosevelt.

AUSTRIAN OFFENSIVE CONTINUES UNABATED

ITALIANS SEEM GRADUALLY TO BE FALLING BACK

Both French and Germans Claim Success at Various Points in Verdun Region—British Suffer Heavy Losses When Germans Take the Trenches.

Hard fighting still is in progress between the Austrians and Italians in the Tyrol, the French and the Germans in the region of Verdun and the Germans and British around La-basse.

The great offensive of the Austrians against the Italians in Southern Tyrol continues unabated and at several points the Austrians seem gradually to be throwing back the Italians toward their own territory. To the southeast of Trent, on the Lavarone plateau, Vienna says the Italians have been dislodged from all their positions and adds that the Austrians captured Fima, Mandriolo and the height immediately west of the frontier from the summit as far as Astach (Astico) Valley.

The Austrians for their offensive according to Rome advices have been heavily reinforced in men and guns. Since the beginning of the offensive, Vienna asserts, more than 24,000 men have been taken prisoner and 172 cannon have been captured by Austrians.

In the region of Verdun both the French and Germans claim successes for their arms at various points. An interesting point in the latest French official communication is the statement that the French have penetrated Fort Douaumont, northeast of Verdun, which the Germans stormed and captured Feb. 25th, four days after the commencement of the assault on Verdun and from which all attempts to drive them out proved futile. The Germans however, still hold the northern part of Fort Douaumont. A violent attack has netted the French several German positions on a front of about a mile and a quarter east of the village of Douaumont. To the northwest of Verdun the French have forced out the Germans from positions south of Hill 287 and west of LeMort Homme.

Berlin on the other hand, says the Germans to the northwest of Verdun stormed the eastern spurs of Hill 304 and held them against repeated counter-attacks. In this fighting the French are declared to have lost heavily in men killed and wounded.

Admission is made in the Berlin report of the capture by the French of a quarry south of Haudromont, northeast of Verdun.

Heavy losses in men were suffered by the British when the Germans took trenches from them over a front of about a mile and a quarter near Givenchy-En-Gohelle and in counter attacks to regain them, according to Berlin. The situation generally on the Russian front remains unchanged.

The British operating against the Turks in Mesopotamia gradually are drawing nearer Kut-el-Amara where a large number of their officers and men who recently surrendered are still held captive. The British who have been reinforced by Russian cavalry now have reached the region immediately south of Kut-el-Amara, with the intervening territory between them and their objective clear of Turks, except for small rear-guarding near the junction of the Shatt-el-Hai and Tigris rivers.

AGREE ON PLAN FOR ENDOWMENT FUND

ORLANDO, FLA., May 22.—A plan to establish an endowment fund of \$1,000,000 for relief of retired ministers and widows and orphans of ministers was agreed upon today by a committee of the general assembly of the Presbyterian church in the United States. It will be submitted to the assembly tomorrow and will be made a special order of business. Five years ago the church established an endowment fund of \$500,000, of which \$332,000 now has been paid in.

DEFENSE BEGINS TESTIMONY

Washington, May 22.—The government late today concluded its introduction of evidence of perjury on three officers of the Riggs National Bank who swore it had never engaged in stock transactions. Presentation of testimony for the defense began immediately.

Picture Censorship.

A minority report on the house bill providing for federal censorship of motion pictures by means of licensing systems has been made. The minority report opposes the proposed plan and declares with good argument that state regulation of the exhibition of moving pictures can be made sufficiently effective. In fact, it is not state control but local that is really needed to keep the movies free from indecent or immoral films. In the average community, at least, questions of propriety can be trusted to local authority or sentiment.

As Ford Sees Roosevelt.

Henry Ford is a great business man and the millions he is expending may not be futile as an aid to peace, but Mr. Ford did not add to his prestige by his recent comment on Colonel Roosevelt. He said, "I consider Roosevelt so antiquated that the ex before his name does not mean anything. I consider him just an ordinary citizen because he does not keep up with the times." Think of Roosevelt not "keeping up with the times." The charge most often made against him has been that he is ahead of the times.

Altho naturally Senator Sherman is greatly interested in his campaign for the presidency, he is not neglecting his duties in Washington. Along with Senator Kenyon of Iowa he is leading the filibuster against the rivers and harbors appropriation bill calling for \$13,000,000. But for the terrific fight led by these two senators the measure providing for the useless expenditure of millions of dollars would have had an excellent chance of passage.

Democrats Lack Interest

The real reason that the Democratic papers are devoting so much attention to Justice Hughes and other possibilities for the Republican nomination is the lack of interest in the Democratic convention. It is a foregone conclusion that President Wilson is to be re-nominated by his party without opposition. Many of the Democratic party leaders in congress are remembering that they have been utterly inconsistent on currency, trust, preparedness, presidential term and other measures, all under the leadership of Mr. Wilson, and so they have not been able to muster up any very great enthusiasm for their national party convention.

The Greatest American

Now politicians are wondering what Uncle Joe Cannon meant in that address before the North Carolina state association in Washington in honor of the 111st anniversary of the Mecklenburg declaration of independence. In his address the former speaker characterized Thomas A.

Rippling Rhymes By WALT MASON

TOWSER

I drove a horse for a long, long time; thru the summer dust and the winter rime I jugged along in my one-horse shay, and never dreamed that a better way of locomotion I ever would find, and Towser trotted along behind. A happy dog was old Towser then; he got acquainted with dogs and men, and found fine bones on the right of way, the while he followed my one-horse shay. But Dobbin, the horse, grew out of date, and I bought a car that can hit a gnat of forty miles in a fleeting hour, a thing that throbs with restlessness power. Old Towser followed the road on my townward way; he kept in sight for three paragonages, and then he muttered some bow-wow dings, and sneaked back home with a broken heart, and died the death 'neath a one-horse cart. Alas, old dog, 'twas a bitter end, for one that long was a faithful friend, but the world moves on, and that dog must fade that is too slow for the great parade; must lay him down 'neath the butternuts and it's true of men, just as well as pups.

DATES IN ILLINOIS HISTORY.

May 23, 1722.—A party under the command of Sieur Renaud set out from Fort de Chartres on an expedition to look for mines.

Edison as the greatest living American. In this connection there comes the recollection that Mr. Edison is one of the most active Roosevelt supporters, and it has been declared that he will make a Roosevelt nominating speech at the Chicago convention.

Planning to Save Pavements

The ordinance proposed in the city council to change the manner of opening street pavements, no matter what the exact provisions, is action in the right direction. The purpose is to make it obligatory when pavements are opened to bore a comparatively small hole and then tunnel beneath the paving. One reason so many Jacksonville pavements now are in very bad condition is that opening provisions in the past have not been strict enough. Every effort should be made to have all underground connections made before pavement is laid, and then when opening becomes absolutely necessary, some such plan as that proposed in the new city ordinance is desirable.

Congress Too Slow.

Some of the delays which characterize congress work are illustrated in the case of Mrs. Elizabeth Maurer, a widow, of St. Louis. For fifteen years an effort had been made in congress to secure a pension for Mrs. Maurer, the widow of a Civil war veteran who died as a result of arduous service a year after the war. Just a few days ago favorable action was taken on the pension in congress, but the news did not reach her home until just a few hours after her death. Congress is liberal enough in the total of pensions paid but there are frequent instances of long delays in pension awards in especially meritorious cases.

The Riggs Disease.

Chauncey M. Depew of New York has coined a phrase to express his idea of the trouble with the present administration. He said recently that the administration has the Riggs disease. The aged senator of course referred to the suit of the treasury department against the Riggs National bank of Washington. Judging from the newspaper accounts of the whole trouble between the department and the bank, the treasury department can be justly charged with being actuated more by political animus than anything else in the proceeding.

HANDSOME GIFT FOR ILLINOIS COLLEGE

The information just made public that Illinois college will share in a \$2,115,000 trust fund established by Mr. Hobart Williams of Cheshire, Connecticut, will be heard with very great pleasure by the friends of the college. The local institution was included in Mr. Williams' splendid plan of educational benefaction after an investigation had been made of the work done and the number of students here paying their own college expenses. It was evidently the donors desire to aid poor young men in their laudable desire to get college training.

Since its very beginning Illinois college has done a large work in the particular field of furnishing college privileges to many students in comparatively poor circumstances. There have been some scholarships available and aside from these the management of the institution has been able to place many students here that they have been able to earn enough money to pay their expenses while going thru the college course. The fact that such students were on a par socially with the sons of wealthy parents has been one of the glories of the college, and it is to augment this very field of usefulness that Mr. Williams' gift will be devoted.

While all the facts are not now available, it is known that the fund will mean at least from \$5,000 to \$6,000 annually for the aid of students. New scholarships can be established and while those now in existence provide only for tuition, others can be added which will defray other student expenses. This will mean that the usefulness of the college can be greatly increased, as its sphere of activity will be so much enlarged. It will make it possible to offer college advantages to especially desirable students, no matter where they may be living, and thus the work of the college will be widened and its reputation increased. Mr. Williams' gratifying gift really marks a new era for the college and it is gratifying, indeed, that the splendid efforts put forth by President Rummelkamp during his administration in increasing the college endowment, have been so fully and generously supplemented by Mr. Williams. As a result of the two financial campaigns directed by President Rummelkamp the endowment was increased to practically \$100,000, and the Williams bequest in effect raises the endowment to \$600,000.

PACIFIC HOTEL CAFE OPEN.

The new cafe at the Pacific hotel is now open for business. Artisans have been engaged for several months in the work of remodeling and completing the room and the cafe is one of the finest in the state outside of Chicago. The tiling was laid by McCabe and son of Springfield. The fixtures came from Albert Pick & Company of Chicago. Bernard Gause, did the plumbing and G. A. Sieber the electric work. The decorations are unique and different from any in the city. This work was done by the well known firm of J. J. Mallen and Son, L. M. Bryant, formerly steward at the Palmer House, Chicago, and recently with the Detroit Athletic club has been secured for the steward work and Luther M. Johnson is head chef and Mrs. Fannie Jordan pastry chef. In the remodeling Mr. Brennan visited several cities and he has embodied the best points of a number of similar establishments in the New Pacific cafe.

COMMENCEMENT PROGRAMS WILL BE HELD TODAY

State Board of Administration Members Coming for School for Deaf and School for Blind Graduating Exercises.

The graduating exercises of the State School for the Deaf will occur this morning at 10:30 o'clock and the address will be given by Dr. R. H. Tanner, of Illinois college. Music will be furnished by an orchestra from the School for the Blind. After the opening prayer by Rev. J. F. Langston, pastor of Trinity Episcopal church, the salutatory will be delivered by Jessie Ellen Doan. Following Dr. Tanner's address Roy D. Lowe will deliver the valedictory and the entire class of 1916 will join in a recitation. The diplomas will be presented by Superintendent Gillett. "Work and Achieve" is the motto of this year's class and the essays prepared by the graduates are as follows:

"A Fishing Trip"—Harold Axel Dahl, Chicago.
"Glass"—Leon John Deibert, Glen Carbon.
"The Care of a House"—Jesse Ellen Doan, Gifford.
"The History of Mexico"—Victoria Alma Gyurman.
"Up-to-Date Methods of Farming"—Carey Harrison Hall, Canton.
"Paper"—Roy Dewey Lowe, Casey.
"Joan of Arc"—Edith Mabel McDonald, Geneseo.
"Evangeline"—Olive Aldora Thompson, Morris.
Superintendent Gillett was notified Monday night that the following will be here for the graduation exercises: Fred B. Kern, president of State Board of Administration; James Hyland, secretary; Frank D. Walp, fiscal supervisor; George H. Zeller, alienist; Thomas O'Connor; A. L. Bowen, secretary charities commission; Mrs. Whipp, Dr. and Mrs. George L. Lemminger of the Chicago state hospital.

The party will come by automobile from Springfield and after attending the commencement exercises in the morning and taking dinner at school for the Deaf will go to the exercises for the blind in the afternoon. According to the program now outlined the state board members will attend graduating exercises at all the state institutions where such programs are carried out.

School for Blind.
The commencement exercises at the State School for the Blind will take place Tuesday afternoon in the chapel of the institution, when the following class will be presented diplomas by Superintendent H. C. Montgomery:

Gertrude M. Miller, Jacksonville.
George E. Piper, Chicago.
Pauline M. Valentine, Chicago.
Hannan J. Vessels, Tampico.
The alumni association of the School for the Blind will hold their biennial meeting the two days following the commencement.
The graduation exercises will be as follows:
Unfold Ye Portals, from "Redemption" (Gounod)—Senior chorus invocation.
"Ostrow" (Rubenstein)—Hannah Wessels, Pauline Valentine.
Voice, "Carmena" (H. Lane Wilson)—Ethel Spera.
Address—Hon. Fred J. Kern, president state board of administration.
Piano, "Polacca Brillante" (Weber)—Gertrude Miller.
Presenting of diplomas—Superintendent H. C. Montgomery.
"May Song" (David S. Smith)—"Clarity" (Grossini)—solo parts sung by Louis Steiner—Senior chorus.
Benediction.

AUTO LIVERY EQUIPMENT RECEIVED BY CHERRY'S LIVERY

Outfit Represents Last Word in Motor Service—Horse Livery Will be Maintained.

Equipment for Cherry's new auto livery arrived from Rochester, N. Y., Monday evening, and the visitors who had opportunity to see the luxurious limousines, the large motor hearse and the touring car, were unanimous in praise of an outfit, which represents the last word in auto livery service.

The outfit includes three limousines, one of which was delayed in shipment and will not arrive for some ten days. The touring car is for Mr. Cherry's private use. Without, the hearse is a polished ebony finish, and within, the finest mahogany has been used. The limousines are finished with best upholstered work, are equipped with electric lights and buzzer, speaking tube and other such conveniences and will be in demand for weddings and various social functions. All four cars are propelled by high powered engines. The equipment represents an outlay of \$16,000. The Cherry's will maintain their horse livery as always in the past, they have added this latest feature in livery service as a means of fulfilling a growing demand, and feel that their ability to serve with satisfaction has been increased in large degree.

ENTERTAINED FRIENDS.

Mr. and Mrs. Hiram Lane of Chaplin entertained Sunday afternoon in honor of the birthday of their daughter, Miss Chloe. There were eight guests and the dining room was prettily decorated in green and white colors. After the dinner a social hour was spent and the occasion was one of great pleasure.

NEW DIRECTOR AT GRAND

Manager Harold Johnson has engaged Harold Dickson of St. Louis as orchestra leader at the Grand Opera house. Mr. Dickson in addition to being a fine pianist and leader is a composer of songs. His latest ballad is "Then you'll wish you had the back again." Mr. Dickson expects to do some teaching and will make a specialty of teaching rag time playing.

SURPRISE PARTY GIVEN FOR HUGO ALHORN

Meredosia Young Man Celebrates 19th Birthday—Large Company of Friends.

Meredosia, May 22.—A surprise was given Hugo Alhorn Sunday evening by his mother and sister, Louise at their pleasant home north of here in honor of his 19th birthday. The home was beautifully decorated with cut flowers and at 3 o'clock about forty five young people from the Lydia church congregation began to arrive. In a short time an evening was made to feel at home and the evening was pleasantly spent in games, music and social conversation. At five o'clock Mrs. Alhorn assisted by Miss Edna Korsemyer and Miss Bertha Lovekamp, invited the guests to the dining room where supper was served. At 10 o'clock the guests departed for their homes feeling that it had been an occasion long to be remembered.

Names of those in attendance were Louis Hoffmeier, Ralph Schaefer, Otto Staake, Frank Korsemyer, Will Rolf, Hugo Alhorn, Hugo Lovekamp, Rudolph Fricke, Henry Scheluter, Herman Kleinschmidt, Will Kuhlman, Enald Huelling, Theodore Korsemyer, Henry Alhorn, John Fricke, Ed Webber, Rudolph Roegge, Will Fricke, Edward Buescher, Charlie Korsemyer, Walter Alhorn, Edward Staake, Elmer Hoffman, Claude Peyton, Elmer Staake, Earl Hoffman, Julius Staake, Dina Lovekamp, Ida Korsemyer, Bertha Korsemyer, Louise Alhorn, Irene Knippenberg, Mayme Jording, Clara Hoffmeier, Edna Danman, Hulda Webber, Anna Lovekamp, Eda Roegge.

The Butcher's Pets

The Children love their Butcher Man
Because he treats them the best he
can.
Their dispositions grow more sweet
Each trip they make to him for meat.
Whether Roast, or Boil, or this-or-that,
Or merely Liver for the old gray cat;
The Butcher's smile is all the same,
A sunshine smile in spite of rain.
So send the girls and boys to see
The Butcher Man in all his glaze.

SOCIAL EVENTS

Gave Afternoon Tea.

Mrs. Edward W. Brown and her daughter, Miss Anna Brown, gave a delightful tea Monday afternoon at their home, 1042 West State street, with Miss Ruth Henry of West Bend, Wisconsin, as the guest of honor. The Brown home, already beautiful, was made the more attractive for this occasion with spring flowers. Their color and fragrance prevailed all of the rooms at the disposal of the 125 guests. In the dining room Mrs. William B. Brown and Mrs. E. E. Crabtree poured, and those who assisted in entertaining were Mrs. F. E. Farrell, Mrs. J. G. Reynolds, Mrs. George Orear, Mrs. T. B. Orear, Mrs. J. G. Capps, Mrs. W. T. Capps, Mrs. F. J. Heini, Mrs. J. O. Vosseller, Mrs. A. G. Burr, Mrs. George E. Matthews, Mrs. J. T. King, Mrs. Harry Hall, Mrs. F. J. Andrews, Mrs. L. P. Allcott, Mrs. Alden Brown, Misses Mary Clampt, Clara Lane and Frances Hubble. Misses Esta Brown, Helen Allcott and Wilella Miller were at the frappe bowl, assisted by Misses Dorothy Farrell, Eugenia Woodman, Ruth Reynolds and Florence Leonard Masters.

Birthday Observance by Mildred Sellers.

Mildred Sellers entertained a number of her friends Friday afternoon at her home, 408 East Lafayette avenue, in celebration of her eleventh birthday. Games furnished the principal part of the afternoon program, and excellent refreshments were served. Those present were Mildred C. Peck, Dorothy Eads, Louise Hagel, Josephine Cooney, Mary Hennessey, Catherine O'Neil, Eleanor McGinnis, Elizabeth McLain, Alleen Longman, Mary Doyle, Mary McGinnis, Cecelia Galtens, Mary McSherry, Frances Brennan, Alice Murgatroyd, Agnes Kennedy, Alecia Tuite, Gertrude McMeans, Georgina Sumpter, Eleanor Brown, Margaret Little, Margaret Kelly, Mary Steer, Louise Steer, Mary Lee Ketterling, Mildred Stevens, Catherine Clancy, Mary Clancy, Annie Blesso, Lillian Gruber, Marion Walsh, William Sellers.

Birthday Surprise for Rev. Edw. Beck.

In honor of the seventieth birthday anniversary of the Rev. Edward Beck, for twenty-seven years a pastor of Salem Lutheran church and for the past twelve years pastor emeritus, fifty members of Salem congregation and friends gathered at the Beck home on East Superior avenue Monday evening and spent the time in enjoyable social manner. The event was all the more appreciated in view of the fact that it was a complete surprise for Rev. Mr. Beck.

Among those who furnished music was Mrs. R. L. Stice, who was heard in several excellent vocal selections. The Rev. J. G. Kuppler, pastor of the church, made a brief address as did several of the older members. Two former members of the congregation, here to attend the I. S. B. reunion, were present, Miss Augusta Bloedman of Kewaunee and Miss Marie Myers.

Reception Announced for Rev. and Mrs. Stephens.

After the prayer meeting service Wednesday evening, ladies of First Baptist church will entertain at a reception for the Rev. and Mrs. P. W. Stephens, who are soon to leave the city for Chicago.
Before the service committees will be appointed for an anniversary celebration which will take place June 25, in observance of the seventy-fifth year since the church's founding.

I. C. MAY DAY FESTIVAL, COLLEGE CAMPUS, TODAY, 7 p. m.

WILL CONSTRUCT BRIDGE

H. O. Arter, who has for a long period been in charge of construction work for the Burlington in this locality, has been instructed to go to Powder River, Wyoming, to take charge of the building of a bridge there for the Burlington. The work will take six or seven months and the construction is of a difficult kind. Mr. Arter's son, J. R. Arter, will accompany him. The order indicates the good record Mr. Arter has made with the road.

SHAKESPEARE TEMPEST AND MAY DAY, I. C. CAMPUS, TODAY, 7 p. m.

PARTY AT LITERBERRY

At a home-coming party, given Saturday evening at the home of Mr. and Mrs. Durrell Crum of Liteberry in honor of their young son, Cecil Alvin, at which time an excellent 6 o'clock dinner was served, there were present Mr. and Mrs. S. H. rum, Mr. and Mrs. J. M. Liter, Mr. and Mrs. J. A. Liter, Mr. and Mrs. W. H. Henderson, Mr. and Mrs. M. M. Crum, Miss Annabel Crum, Mr. and Mrs. Albert Crum, Mr. and Mrs. W. H. Crum, Mr. and Mrs. J. A. Crum of Jacksonville, Mr. and Mrs. Earl Underbrink, Mr. and Mrs. Ona Crum, Miss Elizabeth Martin, and Misses Wilma and Alto Crum.

DISTRICT REBEKAH ASSEMBLY
CLOSE FIRST DAY SESSIONS

Addresses by State Officers at Well
Attended Gathering—The Virginia
Staff Exemplifies Work.

One of the best attended gatherings ever held in I. O. O. F. temple took place Monday night when Rebekahs of the Seventeenth district brought to a close the first day's sessions of the third annual assembly. Addresses were made by Rebekah state assembly officers and the degree work was exemplified by the staff from Virginia lodge No. 239.

The meeting was called to order at 8 o'clock, with Miss Minnie L. Scott, vice grand of the lodge in the chair. Miss Scott filled the noble grand's place instead of Mrs. Peyton Berry, who was absent by reason of the serious illness of her mother. A report of all deaths in the district during the year just past was made and resolutions of sympathy, as

drafted by the memorial committee, were unanimously adopted. Addresses were made by Mrs. Laura B. Latham, Eldorado, president of the Rebekah state assembly; Mrs. Cora Neff Phillips, Bushnell, vice president; Mrs. Irene Cooper, Decatur, warden; Mrs. Mae E. Crowell, Rockford, secretary of the state assembly; Mrs. Myrtle W. Tandy, past state president; Mrs. George W. Siegfried, Seventeenth district president; Mrs. Cratz of Concord, president of the Twenty second district; John Stieler, captain of the Virginia degree team; Mrs. Sarah Wyatt of Franklin lodge and Matthew Minter of Jacksonville.

At the completion of the program, the delegates were served a dainty luncheon in the lodge dining hall. A social hour of especial pleasure ensued and the evening as a whole was universally acclaimed most successful.

Sessions were opened Monday forenoon at 10 o'clock when delegates and visitors were welcomed at I. O. O. F. temple for registration and for a season of recreation and

rest. At 1:30 o'clock the assembly was called to order by Mrs. Etta Siegfried, president of the district. After the calling of the roll for officers and the formal reception of visitors, a pleasing address of welcome was given by Hon. Henry J. Rodgers, mayor of the city. Mrs. Wilhelmina Streubinger of Chandlerville lodge made appropriate response. The minutes of the last meeting were read, the roll of district officers was called and various reports were presented to the assembly.

At 4 o'clock the assembly degree was conferred upon three members of Jacksonville Rebekah lodge: Mrs. Joseph Estaque, Miss Grace McCarty and Miss Fern Haigh. The school of instruction preceding this ceremony was in charge of Mrs. Latham, the state president in the absence of Grace A. Henry of Maywood, chief of examiners and instructors.

Following are the members of the Virginia lodge degree staff who exemplified the work Monday night: Miss Stella Dale, Miss Pauline Fisher, Mrs. Henry Handscher, Mrs. Jennie McNeely, Mrs. Joseph Hillam, Mrs. Arthur Hiles, Miss Martha Goffint, Mrs. George Rexroat, Miss Katherine Irvin, Mrs. Harry Davis, Mrs. Frank Long, Mrs. Ed Heyland, Mrs. Fred Rudisill, Mrs. Fred Jabusch, Mrs. Bertha Baumgartner, Mrs. Joseph Jacobs, Mrs. Kate Kikendall, Mrs. William Decker, Mrs. Nettie Virgin, Miss Mabel Virgin, Mrs. Hattie Martin, Miss Irene Murray, Arthur Hiles, Henry Handscher, Mrs. Grace Angier Way, accompanist and John Stieler, captain.

The concluding session of the assembly will convene this forenoon at 9 o'clock. Mrs. Siegfried will call the meeting to order, after which the district secretary will make report and various committees will be heard from. Other business will include the selection of the next meeting place and election of officers.

MORTUARY

Bobbitt.

Mrs. Elizabeth Lott, 838 North Main street, has returned from Camp Point, where she attended the funeral of her sister, Mrs. Mary J. Bobbitt, widow of George W. Bobbitt. Death came May 15 at the home of the deceased in Camp Point, after an illness of one week.

Mrs. Bobbitt was a resident of Camp Point until 1913, when she went to make her home with her daughter, Mrs. Harry Omer, of New London, Mo., and it was here that the end came.

Deceased was seventy five years of age, and was a charter member of the Christian church of Camp Point. She was greatly devoted to her home and family and possessed many fine traits of character which endeared her to many. Two daughters survive, Mrs. Minnie Omer of New London, Mo., and Mrs. Anna Brown of Billings, Mont., also three sisters, Mrs. Lott of Jacksonville, Mrs. W. A. Cutter and Miss Ella Welsh of Camp Point and one brother, Benjamin F. Welsh of Monroe City, Mo.

The funeral was held Thursday at the Christian church at Camp Point and burial was made in the cemetery there.

Wright

Word was received in Waverly Monday evening of the sudden death from heart trouble of Frank Wright, which took place the same evening in Alton. For three years past Mr. Wright conducted a bakery and restaurant in Waverly, removing to Alton about three weeks since.

Besides the widow there survive three daughters, Mrs. Harold Woods and Miss Lucille Wright of Waverly and a third daughter residing in Indiana.

Funeral services have not yet been announced.

Soby.

William Soby of East State street is in receipt of word of the death of his mother at her home in Hartford, Conn. The lady has been in excellent health for one of her years, but was recently affected with a cold which caused her death at the age of 91 years.

Hubbard

Mrs. C. E. Williamson will leave today for Carrollton, where she has been called by the death of her brother, John W. Hubbard. Mr. Hubbard, who has visited in Jacksonville and will be remembered by a number here, passed away in a St. Louis hospital Monday morning at 3:30 o'clock. He was 58 years old.

Surviving Mr. Hubbard are the widow, whose maiden name was Libby Vanderhyden, and one son, John Hubbard. Of funeral arrangements later announcement will be made.

THE BIRTH RECORD

Born Sunday evening to Mr. and Mrs. John H. Hicks of 460 South East street, a ten pound son.

MARRIAGE IS RUMORED.

A report has been received here that Mrs. B. F. Wooster was recently married to J. M. Shobey at Chautauque, Kans.

BRANDEIS' FRIENDS MORE HOPEFUL

Washington, May 22—Friends of Louis D. Brandeis were more hopeful tonight than they have been for many weeks that his nomination to the supreme court, would be favorably reported to the senate by the judiciary committee next Wednesday when the committee has agreed to vote.

Senator Culberson, chairman of the committee made public today a letter from Dr. Charles W. Elliott, president emeritus of Harvard urging confirmation.

GREEK STEAMER SINKS.

London, May 22—Lloyd's despatch says that the Greek steamer Anastasiou-Coroneos, 1901 tons, had been sunk.

ILLINOIS COLLEGE TO
SHARE IN BIG FUND

ONE OF TEN INSTITUTIONS TO
RECEIVE INTEREST FROM
\$2,115,000.

Hobart Williams, Pioneer Citizen of
Chicago, Gives Fortune for Aid
of Educational and Charitable In-
stitutions—Money Will Be Used
in Founding Scholarship for
Young Men Without Means.

It became known Monday that Illinois College is to receive a one-tenth share in a \$2,000,000 trust fund established by Hobart Williams of Chicago. Particulars were outlined in the following Associated Press dispatch from Chicago:

"A trust fund of \$2,115,000 to be administered by the Merchants Loan & Trust company for the benefit of ten Illinois colleges and charities, was recently arranged by Hobart Williams, a pioneer citizen, it was learned today.

"The beneficiaries are: Illinois College, Rockford College, Monmouth College, Illinois Wesleyan University, the Chicago Commons, Home for Crippled Children, Chicago Orphan Asylum, Old People's Home and the Episcopal Home for Old Persons. All of the charitable institutions are located in Chicago.

"During the life of Mr. Williams each institution will receive eight per cent of the income from the fund and after the death of the donor, ten per cent. The benefaction will be known as 'The Eli B. Williams and Harriet B. Williams Memorial fund.'

"The trust was established by Mr. Williams as a memorial to his late father, Eli B. Williams. The latter was a member of the city council of Chicago in 1838, a member of its first board of health and in 1880 established Chicago's first gas works. Hobart Williams for many years has made his home at Cheshire, Conn."

Rammelkamp's Statement.

Interviewed Monday night on receipt of the news of the benefaction from Chicago, President C. H. Rammelkamp said:

"It is difficult at present to state exactly what this fund will mean for the college, but it is evident that it will enable the institution to perform a great service for that class of young people of slender means who are anxious to secure a college education. The college has at present no exact information regarding the amount of income which will be available each year from this fund. It seems as if five or six thousand dollars a year during the life of Mr. Williams and seven or eight thousand dollars after his death will be the approximate amounts annually received. Illinois college feels greatly honored in being included among the institutions selected by Mr. Williams to co-operate with him in administering this important trust.

"Altho the fund has already been placed in trust with the Merchants Loan & Trust Co., of Chicago, it is not known whether the first installments will be paid in time to be used for students during the next academic year. The trustees of the college will probably take action at the annual meeting in June to establish the regulations regarding the distribution of these scholarships."

The president received a visit last February from a gentleman who evidently was an agent of Mr. Williams. This gentleman spent a half a day at the college investigating its condition, especially with reference to the number of students who were working their way thru college. It was on Saturday of last week that Dr. Rammelkamp received the official communication from the Merchants Loan & Trust Co. of Chicago, explaining about the establishment of this fund. The trustees of the college were called together in special meeting at the home of Judge Edward P. Kirby Saturday evening to hear the good news and it hardly need be said that all were pleased in high degree with the president's report. A special committee consisting of the president, Thomas Worthington and W. T. Wilson was appointed to draft resolutions and to report at the annual meeting June 14. A telegram of appreciation has been sent to Mr. Williams and he has been invited to be present at the commencement exercises.

"This benefaction is substantially equivalent to the donation of a principal fund of about two hundred thousand dollars to the college for the endowment of scholarships. The only difference between this endowment and the other funds of the college will consist in the fact that the new funds will be held in trust by the Chicago trust company instead of being invested by the college trustees.

TENNIS ENTRIES FOR
INTER-COLLEGIATE MEET

Coach W. T. Harmon is in receipt of tennis entries as follows for the state inter-collegiate meet which will be held on Illinois field Saturday next:

Singles first round: Illinois-Eureka; Eastern Normal-Millikin; Hedding-Shurtleff; Southern Normal-Carthage.

In the second round Bradley plays Wesleyan and the winner of the Illinois-Eureka game will play the winner of the Eastern Normal-Millikin game. The winner of the Hedding-Shurtleff game will play Southern Normal and Carthage and Blackburn will play. Games will continue until championship team is determined.

In the doubles the entries will be: Hedding and Illinois; Eastern Normal and Southern Normal; Carthage

Henderson's Corsets

Henderson Corsets are not only of authoritative styles but are scientifically designed even to the most minute detail and we believe their success is largely the result of the manufacturers modeling them on living figures.

Henderson Corsets have the reputation of keeping their shapeliness until worn out and we know of none better made, than Henderson Back and Front Laced Corsets. For every style of figure we have correctly designed Henderson models.

We invite you to inspect the new styles that we have recently received selling for \$1.00, \$1.50, \$2.00 and \$3.00.

What Mother Thinks

of our new Henderson Girls corset, style 373 designed especially for growing girls is shown by the large demand we have had for this model.

She knows that her daughter should wear a corset that is designed for her needs and the careful mother realizes the importance of selecting the proper corset.

Henderson's Girls Corset Style 373

is designed along scientific lines to assist nature in the perfect development of the girlish figure.

This corset is boned just sufficiently to give a certain amount of figure restraint and yet is pliant and yielding.

Particular invitation is extended to mothers to investigate the merits of this latest model for girls.

Our Corsetieres will be pleased to give you a Corset suited to your figure. Ask for a fitting.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, May 24th, 1916, one day only. (Returns every 25 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?
Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Palm of hands moist? Have you a dull, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pain in back or joints? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT.
Come early as parlors are always crowded.

A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

NEW PLAN FOR OPENING PAVEMENTS IS PROPOSED

Suggested Ordinance Provides for Boring and Tunnelling System—Would Keep Pavements in Better Condition—Election Vote Canvassed.

Aside from the canvassing of the vote of the recent bond election but little was done at the regular meeting of the city council Monday morning. An ordinance amending the ordinance providing for the fees for opening pavements to tap gas and water mains was given a first reading. The ordinance provided for a payment of a fee of \$25, in case the city did the work and the pavement was not opened from the cutting, and \$12 if the pavement was not opened and the owner did the boring.

It is the purpose of this ordinance to avoid whenever possible the opening the pavement from the curb line to the water or gas main. This is to be done by opening a small hole directly over the main and boring down with a boring machine. It is the purpose then to bore under the pavement from a trench inside the curb line to the gas or water main. The matter provoked some discussion, Commissioner Cox saying that it took a great deal of time on the city's part by the work not being ready for the boring when the city employees arrived on the job.

In the canvassing of the vote of the recent bond election but few discrepancies were found and the vote as approved by the resolution was practically as given in the unofficial returns in the Journal.

The Proceedings.
The council met in regular session at 10 o'clock with all members present, Mayor Rodgers presiding. The minutes of the last session were read and approved.

A petition was presented by the clerk relative to laying a concrete pavement in North Prairie street. It was the sense of the council that the petition should go to the Board of Local Improvements and this was ordered.

Under the head of departments Mayor Rodgers called attention to the defeat of the bond issue. The mayor said some other means of carrying on the affairs of the city would have to be devised. Commissioner Martin for the department of public health and safety reported two sick horses in the fire department. In one case a horse had been hit from Cherry's livery. In the other case of a lame horse Commissioner Martin said that it was hoped to be able to get the horse in condition, if not a new horse would have to be purchased.

Commissioner Cox reported the repairing of the pavement adjacent to the Douglas and Pinedale hotels. Commissioner Cox was of the opinion that the best way to repair the pavements mentioned was to lay new ones.

For the department of Public Property, Commissioner Vasconcelles reported the sinking of a new well and said that the equipment of well No. 2 would be moved to the new well. Commissioner Vasconcelles also said that in carrying out the plan of making the electric system a single line system it would be necessary to use the old wire as there was no new wire available. He was of the opinion, however, that even using the old wire that it would be a saving of power.

Mayor Rodgers reported that the hearings on the West State street and South Main street pavements, would come up for a hearing in the county court Friday.

An ordinance amending the ordinance relative to opening pavements for gas and water mains was presented and given a first reading. The ordinance was informally discussed at length and Commissioner Cox was of the opinion that it was not a good ordinance. It was finally laid over as read.

The clerk then presented the tally sheets and poll books of the bond election held last Tuesday. The council canvassed the vote and adopted a resolution prepared by the clerk declaring the proposition lost.

Commissioner Cox asked what was being done toward passing ordinances for laying sidewalks. The matter was discussed informally and it was the sense of the council that the ordinances be prepared and passed and the work pushed forward to completion.

There being no further business the council on motion adjourned.

YOUNG ATHLETES.
A number of young athletes held a track meet on Illinois college campus and it was an occasion full of interest for all the contestants. There were three teams contesting, the Fleet Foots, Winning Six and White Sox. After a long program of events the score was Fleet Foots, 44; Winning Six, 122 and White Sox, 17.

EXECUTOR'S NOTICE
Estate of Norman Broadwell, deceased.

The undersigned, having been appointed Executrix of the last will and testament of Norman Broadwell, late of the County of Morgan and State of Illinois, deceased, hereby gives notice that she will appear before the county court of Morgan county, at the court house in Jacksonville, at the August term, on the first Monday in August next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All parties indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 22nd day of May, A. D. 1916.
Harrlette Ellen Broadwell, Executrix.

REPUBLICANS PLAN FOR VIGOROUS NATIONAL CAMPAIGN

Preparedness Program Which Means What Words Imply Will Be Urged—Mexican Muddle an Issue.

Washington, May 22—Republican leaders are laying their plans for a vigorous campaign to elect the man who will be nominated at Chicago next month. They are confident that it is only necessary to make clear to the intelligent voters of the country the record of the Wilson administration to insure an overwhelming sentiment in favor of the Republican candidate and that the returns in November will indicate a sweeping Republican victory. Nor will the party leaders confine themselves to insuring the election of the President. All the indications point to the election of a Republican majority in the Senate, as well as in the House, if the work of the campaign managers is well done, and for this reason a special committee, charged to look after the interests of Republican candidates for the Senate, will be created. The Republican Congressional Committee is to be reorganized and the country apportioned among several sub-committees in order, in so far as possible, to create a feeling on the part of members of responsibility, each for his own section of the country. A high class publicity bureau of the National Committee will be organized with a view to spreading the facts thru the press of the country in such a manner that he who runs may read and that no voter need go to the polls in November without an adequate appreciation of the Democratic record and of the platform and purposes of the Republican Party. The tariff, preparedness for national self-defense and economy and efficiency of administration will be the watchwords of the Republican Party in the approaching campaign, which promises to be one of the most momentous in the history of the nation.

"Fake Preparedness"

"Fake preparedness" is the term which intelligent Republicans in Congress apply to the Army bill, to which the Senate has just agreed. During the debate on the conference report it was characterized by Republican Senators as wholly inadequate, including a maximum of "work" and a minimum of preparedness, and as creating a political machine which promises thru all time to prove a menace to the military efficiency of the nation. According to Senator Chamberlain, Democratic Chairman of the Military Affairs Committee, the bill provides for an army of 211,000 peace strength, and 260,000 war strength. Representative Hay, Democratic Chairman of the House Committee, and an avowed foe of preparedness, says that it provides for 17,500 fighting men. Senator Brandegee, of Connecticut, who closed the debate, did so by expressing the hope that "God, who looks after fools and drunken men, will go on looking after the United States in spite of Congress." Ridiculing the Democratic contention that "a million embattled farmers will spring to the defense of the United States if it is attacked," Mr. Brandegee said: "If they do spring there will be no weapons for them to fight with; and even if there were they would not know how to use them. Why, some of the men were at Plattsburg a month before they learned how to put their rifles together." Senator Borah bitterly attacked the lobby which had, he said, done much to prevent the passage of an adequate measure. One of these lobbyists, he said, sat constantly in the gallery directing the fight which resulted in distorting the importance to the scheme of national defense. The Democrats attempt to make much of the fact that there was "no dissenting vote" against the Army bill, but in this they ignore the fact that there were many dissenting voices and that the Republicans voted for it not because it was a good bill, but because it was the best they could get with Democratic majorities in control of both Houses of Congress.

Hits Shipping Bill.

The National Foreign Trade Council has submitted to Congress a report prepared by experts which hits hard the Wilson-McAdoo Shipping Bill, and which, if made to an intelligent and independent Congress, would insure the defeat of the measure. The Council points out that the \$50,000,000 appropriated by the bill will, at the present high prices for ships, prove a mere drop in the bucket so far as extending the shipping trade of the United States; that the partisan shipping commission which the bill creates is far more likely to do harm than good; that the Seamen's bill approved by the Administration in the face of warnings from all the experts of shipping, including Democratic officials, makes it impossible for private enterprise to build up an American merchant marine, and insures serious loss to the Government if it engages in the enterprise. The report points out that ships cannot be built in American shipyards in less than two years and that Admiral Benson has testified that the most the navy yards, if they turned their attention solely to building ships for the navy, could accomplish would be to turn out six 1,000-ton ships in two years.

The Mexican Muddle.

Senator Fall of New Mexico, has made the startling announcement in the Senate that some foreign government, which he did not name, is in negotiation with the Carranza crowd in Mexico and declared that unless this country acted promptly it would be compelled to abandon the Monroe Doctrine and permit a foreign power to control the destinies of Mexico. "If the State Department does not know this," declared the Senator, "it is only because it refuses to receive information, or to heed that which is furnished to it." The Senator expressed the conviction that not alone the prestige of the United States on this continent, but the Pan-

Art in Clothes

The designers of young men's clothes made by Hart Schaffner & Marx are artists in every sense of the word. They create a picture just as the man who works with a palette creates a picture.

SCHOOL ALL THE YEAR ROUND

The all-year schools of Newark, N. J., are commended in a special report by W. S. Deffenbaugh, Specialist in City School Administration of the Bureau of Education, Department of the Interior. Mr. Deffenbaugh finds that time is saved, street loafing is largely prevented, and health is conserved by eliminating the long summer vacation.

The children in Newark who have attended school for the past year or two on the all-year school plan speak enthusiastically of it. The Bureau investigator asked the pupils in the seventh and eighth grades to write compositions telling why they attended school during the summer. Nearly all the pupils stated that the schoolroom was much cooler than the streets and their rooms at home; that they were glad to have something to do besides running in the streets, and that they hoped to gain a grade or two by the time they were old enough for their work certificates. Parents who were interviewed favored the plan because their children were able to get more schooling than otherwise. (One parent said:

"If there were no summer schools we would not know where our children are. They would leave home early in the morning and run all over the city. Now we know that they are safe in the schoolhouse and in no danger of being run over by automobiles or street cars."

The attempt was made to find out how much time the children actually saved thru the all-year schools. Of 1271 pupils in the sixth, seventh, and eighth grades, 25 made no gain, 67 showed a gain of one-third of a year, 59 a gain of two-thirds of a year, 67 a gain of one year, and 53 a gain of one and one-third years.

It was found that the pupils in the all-year schools not only made more rapid progress thru the grades, but maintained as good scholarship as the pupils in other school. Many of the pupils were able to enter high school as a result of the time gained in the all-year school, and these pupils have had no difficulty in keeping up with their work. It is expected that many more pupils will now complete the elementary grade at 12 years of age, enter high school and attend for at least two years. Once in high school, the are likely to remain even after the compulsory age limit is passed.

One criticism that has been directed against the Newark all-year schools is that the pupils in these schools must do 10 months work in 9 months in order to gain 3 months a year and thus complete the 8 grades in 6 years. It should be understood, however, that the regular 10 months' course has been modified

so that a pupil may complete it in 9 months, and all non-essentials have been omitted. Furthermore, less reviewing is needed in September for the children who have had only 2 weeks' vacation than for those who have had 2 months' vacation. The month that is usually taken at the beginning of the fall term to review pupils in the work of the preceding grade is not necessary for pupils who attend continuously or with only short vacations.

In regard to the health of the children who are kept in school during the summer months, Mr. Deffenbaugh declares:

"The medical inspectors of Newark report that the health of the children who have attended school all year has not been impaired in the slightest degree. The regular school medical and nurse service continues in the summer, so that the health of the children in school is better cared for than that of those not in school. Good health habits acquired during the regular term are not broken up by a long summer vacation when the children not in school are beyond the influence of the school physician and the school nurse. The physician and nurse both report that the children who have been out of school during July and August come back in September in poorer physical condition than those who have attended these 2 months and that even the children who have been away to a summer resort are in no better physical condition than those who have been in school, since their recreation is likely to have been of a dissipating nature. One school physician stated that if the children could go into the country and live a normal life with plenty of exercise he would favor this to keeping them in school, but since conditions are such that none of the children who are in the tenement districts can go to the country, the best place for them for 4 or 5 hours a day is in the schoolroom, on the school playgrounds, and in the school shops and gymnasiums."

Wide interest in the Newark plan has been aroused in other cities, and it is expected that many of the teachers and school officers who will attend the meeting of the National Education Association of New York in July will cross into New Jersey to see the Newark all-year schools in operation.

WOMEN WHO DISREGARD HEALTH

If a woman disregards her health she is sure to pay the penalty in later years. Incessant work and worry unfatigable as a helpmate and mother and bring on ailments which drag her to despair. The real help for all such ailments is Lydia E. Pinkham's Vegetable Compound, nature's ideal assistant to build up and strengthen the female organism and throw off the disease, as proved by the letters from women continually being published in these columns.—adv.

PHILLIES WIN WHEN HENDRIX WEAKENS

CHICAGO'S ERRORS AID PHILADELPHIA

Timely Hits by Cooper Drive in Three Philadelphia Runs—Boston Defeats St. Louis Again by 8 to 5 Score.

Chicago, May 22.—After Hendrix had sprinted to second on his double in the fifth and then home on Schulte's single he lost his effectiveness and Philadelphia, aided by Chicago's errors won 5 to 3. Four hits including Hendrix's double were made off Alexander in the third and two errors by Philadelphia outfielders helped to give the Cubs their three, but thereafter they could do but little. Timely hits by Cooper drove in three Philadelphia runs.

Boston 8; St. Louis 5
St. Louis, May 22.—Boston defeated St. Louis again today 8 to 5. The visitors started to scoring in the sixth inning when Evers' single and Collins' home run gave them two runs. In the eighth they batted around, pounding Williams for five hits and six runs.

Score:
Boston 000 002 050 8 9 0
St. Louis 000 000 005 5 9 3
Hughes and Gowdy; Williams and Snyder.

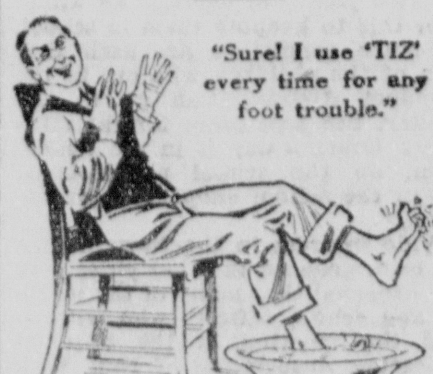

POSTPONE BOUT

Chicago, May 22.—Announcement was made here today of postponement of the White-Mitchell 10 round bout at Milwaukee from May 29th to June 2nd.

"TIZ" FIXES ACHING, SWOLLEN, SORE FEET

How "Tiz" Does Comfort Tired, Burning, Calloused Feet and Corns.

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous excoriations which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25-cent box of "Tiz" now at any drugstore or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.—Adv.

House
Adopted senate joint resolution inviting Spain and all the Pan-American nations to participate in the San Antonio bi-centennial exposition in 1918.
Set aside District of Columbia affairs and resumed consideration of the Porto Rican civil government bill.
Adjourned at 5:50 to 11 a. m. Tuesday.

ELECTION DAY IN PROVINCE OF QUEBEC

Montreal, May 22.—The provincial election in Quebec is being held today, to choose a new provincial administration. The dissolution of Sir Lomer Gougeon's administration in April was a big political event in the province, and the campaign has been filled with bitter denunciation of the old regime, as well as spirited defense of Sir Lomer and his administration.

Coombe, Bagby and O'Neill; Myers and Schang.

St. Louis 9; New York 5.

New York, May 22.—St. Louis won a loosely played game from New York here today, 9 to 5. The veteran, Plank, was knocked out of the box in the eighth inning, but Groom saved the game for the visitors. Marsans starred with a home run and two singles, three runs, a stolen base and a great catch on Pipp. Score:
St. Louis .013 002 012—9 14 2
New York .200 102 000—5 12 4
Plank, Groom and Hartley; Keating, Fisher, Markle and Walters.

Boston 2; Detroit 1.

Boston, May 22.—A double by Walker and Janvrin's single in the ninth gave the Boston Americans the run necessary to defeat Detroit 2 to 1 today. The visitors made a run during the fifth inning on doubles by Young and Daus, but the locals, who had many men on bases due to passes issued by Daus, were unable to score until the eighth, when Janvrin led off with a single, advanced on a base on balls and came home when Hooper singled. Score:
Detroit .000 010 000—1 6 0
Boston .000 000 011—2 8 0
Daus and Stange; Gregg, Foster and Carrigan, Thomas, Agnew.

LIBERAL EVANGELISM KEYNOTE OF UNITARIANS

Boston, May 22.—Anniversary week meetings of the American Unitarian association, which opened this morning, to extend until Friday, have as their keynote the promotion of liberal evangelism. Prominent clergymen of the denomination from all parts of the United States and Canada occupied the local pulpits yesterday, and are taking part in the meeting during the week. The Ministerial Union held its meeting this morning, and this afternoon the Alliance of Unitarian and Other Liberal Christian Women is holding a meeting in Tremont Temple. At tonight's meeting of the laymen, Thomas Mott Osborne, former warden of Sing Sing, will be the principal speaker. The American Unitarian association opens its 91st annual meeting in Tremont Temple tomorrow. Among the speakers are Rev. Charles F. Potter of Edmonton, Alta., Rev. Francis Watry of Long Beach, Cal., Rev. Thomas P. Barnes of Erie, Pa., and Rev. Samuel Crothers of Cambridge, Mass.

Charles Konrad of East St. Louis is visiting his mother, Mrs. Peter Konrad, who is very ill at her home on North Main street.

WAVELY HIGH SCHOOL CLOSES SUCCESSFUL YEAR'S WORK

Alumni Annual Reception Held Saturday Evening—Band Concert to be Given Tonight—Thirty Two Classes Have Graduated.

Miss Ella Grosbol of Petersburg arrived Thursday for a visit of several days with Miss Jessie Kennedy. Mrs. Theodore Chaffly-Allen returned Saturday to her home in Chicago, after a visit of several days with Miss Lucy Carter and Miss Edith Wemple.

Mr. and Mrs. John Flanagan and John Roach of Jacksonville were in Waverly to attend the events of Commencement week.

Miss Ursula Fawcett of Jacksonville came Thursday for a visit of several days with Miss Ruth Teale. Miss Anna Francis Bradley of Jacksonville came to Waverly Friday afternoon and returned home Saturday, having visited at the home of Miss Ethel Carter.

Miss Georgedeann Burbank of Springfield spent the week end at the home of her uncle and aunt, Elder and Mrs. J. A. Conlee.

Miss Marian Caruthers of Illinois woman's College spent Saturday and Sunday with her parents, Mr. and Mrs. George Caruthers.

The Waverly High School held its annual picnic at Everett's Grove Saturday. About sixty were present, including teachers and faculty. The day was enjoyably spent, and was a successful end to the school year.

The Waverly Band will give a concert in the high school auditorium Tuesday evening.

Miss Pearl Green left Saturday afternoon for her home in Little Rock, Arkansas, after teaching in the Waverly High School this winter.

Miss Ruth Lankton went to Williamsburg Sunday for a short visit with Mr. and Mrs. J. F. Baker.

The Woman's Foreign Missionary Society held an all day meeting Saturday at the home of Mrs. Samuel Welton.

The annual Alumni Reception of the Waverly High School was held Saturday evening at the home of Mr. and Mrs. George W. Dunseith. The house was tastefully decorated in the class colors of orange and white.

Music was furnished by the orchestra and by members of the Alumni Association. Thos. H. Crain gave the address of welcome, which was responded to by members of each of the thirty-two classes which have graduated from the high school.

George Staley of Modesto visited Saturday and Sunday in Waverly.

Mrs. Stanley Att of Loami attended the Alumni Reception Saturday night.

Miss Irene Park of Jacksonville is visiting with Miss Fern Crowell. Fred Harney went to Springfield Sunday to visit his father at St. John's hospital.

Mr. and Mrs. C. N. Richardson were in Springfield for a visit with their son Merle.

Mrs. C. E. Deiffer and daughter, Wilma were in Springfield Sunday. H. S. Burch spent Sunday in Springfield.

NEGRO LAWYER SEERS REIN STATEMENT

San Francisco, May 22.—Samuel L. Mash, a negro attorney, will be given a rehearing today in the disbarment proceedings brought against him. He was disbarred from practicing law last November, after trial and acquittal on charges of attacking a young white girl employed by him as a stenographer, also of procuring false testimony. Prominent judges who wrote an endorsement of Mash have revoked their endorsements. The bar association opposes Mash's motion on the ground that he has been disbarred in two states and convicted of felonies and misdemeanors in three states.

D. P. Neuvius, a former resident of Jacksonville now residing in Decatur is in the city attending to business for a few days.

Warm Weather Battery Hints

With the pleasant days of summer, comes a tendency for every motor car owner to overlook the necessary care of certain parts of his car which can't be seen.

One of these parts is the storage battery, and because of the important part it plays in starting, lighting and ignition, too much emphasis cannot be laid upon its care.

On this account, the Willard Storage Battery Company are instructing all of their 750 service stations to advise car owners throughout the country on the essential points of warm weather attention to batteries, probably the most important of these is water. During the summer, a storage battery should receive pure distilled water at intervals of a week or ten days. This is necessary because of the evaporation of the solution which gives the battery its life. If this solution is allowed to leave a portion of the battery plates exposed to the air, these plates will deteriorate and the life of the battery will be greatly shortened.

Another point to consider is the hydrometer test to determine specific gravity of the solution. This test should always average 1.250 and in cases where the car owner does not want to make the test himself, he can have it made free of charge at any Willard Service Station. If the battery is allowed to go below the gravity mentioned, it will gradually run down and refuse to turn over a starting motor or operate the electric lights.

By watching these two most important things, any car owner may expect the very best service from his storage batteries.

We have a complete workshop and a force of as good mechanics as will be found in this section of the state. No job too large or too small but what it can be handled and done in the right way.

A complete vulcanizing plant, brazing and welding a specialty. Lamp bulbs for any car, horns, hydrometers and a complete line of accessories.

Armstrongs' Drug Store or any reliable druggist, who will refund your money if it fails.

Don't Worry

about your digestive troubles, sick headache, tired feeling or constipation. The depression that induces worry is probably due to a disordered liver, anyway. Correct stomach ailments at once by promptly taking

BEECHAM'S PILLS

They aid digestion, regulate the bile, gently stimulate the liver, purify the blood and clear the bowels of all waste matter. Safe, sure, speedy. Acting both as a gentle laxative and a tonic, Beecham's Pills help to

Right The Wrong

Largest Sale of Any Medicine in the World. Sold everywhere. In boxes, 10c, 25c.

DRIVES AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from cold or congestion. And it acts at once! MUSTEROLE is a clean, white ointment made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can affect stomach and heart, as some internal medicines do.

Best for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, all Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets. Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards' spent years among the thousands afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

ASSOCIATED PRESS CORRESPONDENCE

Tokio, May—A controversy, which is centuries old, between the Buddhist and Shinto religions in Japan over the question of their respective supremacy has broken out anew thru the presentation of a petition to the government requesting a larger recognition of the Buddhist religion. Ever since the introduction of Buddhism into Japan from China and India in the sixth century a struggle has gone on between Buddhism and Shintoism. The latter is now the religion of the court and was the basis of all the ceremonies held at Kioo last year on the occasion of the coronation of Emperor Yoshihito. Shintoism which literally means "the way of the Gods," is fundamentally a system of ancestral worship.

When Buddhism was introduced the people were greatly attracted by its gorgeous ritual and its exalted moral code. The new cult forced the Shintoists who enshrined the native Japanese deities to put their ritual into written form. Nevertheless, owing to the influence of Buddhism, the native religion had a period of decadence and most of the Shinto temples were served by Buddhist priests. There came a period of revival of "pure Shinto" about the year 1700. In the revolution of 1868 Buddhism was actually disestablished and Shintoism installed as the only state religion. Thousands of temples were devoted of their Buddhist ornaments and given over to Shinto keeping. Still later, Buddhism rallied, largely because the majority of the Japanese people are Buddhist believers. However, the fact that Shintoism has remained as the state religion has rankled in the hearts of Buddhist leaders whose feelings of discontent were increased by the fact that during the coronation of Emperor Yoshihito their representatives were not accorded the same treatment as the Shintoists.

A delegation of twelve pontiffs representing the 56 Buddhist sects of Japan recently called upon Dr. Takata, the Minister of Education, and submitted a series of resolutions which had been previously adopted by the sects of the empire. The resolutions declared that in view of the fact that freedom of religious thought was fully guaranteed by the Constitution, the official attitude towards Buddhism showed a lack of sympathy. It urged the government to decide upon a basic policy towards religions and enact a new religion law.

One of the chief contentions of the Buddhists is that Shintoism is not, after all, a religion, but a system of rites; and in their petition they recommend that Shinto priests be barred from conducting religious services, especially funeral services, in temples. They maintain that this right belongs to Buddhism alone. The resolution further requested that the officials who treated the Buddhist representatives disrespectfully on the occasion of the coronation should be held responsible for their action, and concluded by asking the extension to Buddhist priests of the right to be elected members of legislative assemblies throughout the empire.

The government has promised to take the question under advisement.

Peking, May—Newspapers printed in foreign languages in China are conducting a vigorous campaign for the revision of Chinese marriage laws. The Peking Daily News commenting on this, says: "The existing uncertainty, which causes hardship to individuals, eternal litigation and the frittering away of estates should certainly be removed as speedily as possible."

"Generally speaking, the better class Chinese seem rather to favor monogamy, but this is a delicate question and one which would have to be very carefully examined before any decision affecting the legality of secondary wives could be officially promulgated. But we are glad to see that the whole question arouses keen interest among the Chinese themselves."

Peking, May—Yuan Shi-kai has issued a mandate in which he authorizes Hui Shih-chang the secretary of state, to organize a responsible cabinet and makes the admission that the full assumption of authority over affairs of state by himself has been responsible for the unhappy conditions in which China finds itself today.

This is one of the vital reforms demanded by the revolutionists who have stoutly opposed the reestablishment of the monarchy, and insist that the republic must have a cabinet which is not dominated by the chief executive and a parliament which is honestly elected and permitted to engage in legislative work without the chief executive's interference. Yuan Shi-kai's supporters are still hopeful that the cancellation of the monarchy and the creation of a responsible cabinet will make it possible for the president to retain office, but the more aggressive revolutionary leaders stoutly insist that Shi-kai must go before China can be assured of any genuine reform.

an unlimited control of all powers of the state has been the cause of dissatisfaction on the part of the people. In these circumstances I have decided to effect drastic changes with a view to a thorough and energetic reform. In accordance with article 421 of the constitutional compact, the mandate for the reorganization of a responsible government is hereby promulgated; and the secretary of state is hereby authorized to take full control of the affairs of the state and to organize a government with the ministers of the metropolitan ministries as members thereof who are to be mutually responsible to and for one another. This is intended in the sense of a step towards the formation of a responsible government and the beginning of administrative reform. I hope that the members of the government to be organized hereunder will work unitedly and faithfully in order to remedy the difficulties of the day. In this I have great hopes."

Two distinct views are held by foreigners in China, and are voiced quite generally by the foreign press. One view is that Yuan Shi-kai is the single strong man in China who can keep peace and order, and must be held in the presidency at any cost. This view is held rather generally by both foreign and Chinese business men who are anxious to keep conditions settled so that ordinary commercial intercourse will not be interfered with.

The other view, which is held rather generally by returned students and advanced thinkers among the Chinese as well as foreigners, is that Yuan Shi-kai must be ousted at any cost, and that the Chinese should not have a preeminently strong man at the head of the government because such a man will inevitably become a military despot after Yuan Shi-kai's style.

Many of the most ardent supporters of Yuan Shi-kai are not his personal admirers, but merely accept him as the one man they believe capable of maintaining comparative peace in China. He is also regarded by most of his ardent supporters as the only man capable of standing resolutely against Japanese advances. On the other hand his detractors say he is the man who made it possible for Japan to line up the Entente against China, and dictate Chinese internal policy in such a way that Japan is assuming directorship, with European approval, over all of China, rather than over the portions which were formerly its sphere of influence.

New York, May—The proposed National Aerial Derby in which a number of American aviators are to fly from coast to coast, starting from this city on Saturday, September 2, should demonstrate the progress made in aviation within the past few years. No air race of this length has ever been attempted in this country and few, if any, abroad. The total mileage to be covered will vary from 3,500 to 4,500 miles, according to the route finally selected and there is a possibility that new world's records may be made during the struggle for first honors.

But two such flights have been made since the day Wilbur Wright showed the possibilities of the aeroplane by flying 362 feet on December 17, 1903 in 59 seconds. These were the transcontinental trips of Gairbaird P. Rodgers and Robert S. Fowler. Rodgers flew from New York to Los Angeles between Sept. 17 and December 10, 1911. He made the trip in forty-nine days but his actual flying time was ten hours and three days. No air race of this length has ever been attempted in this country and few, if any, abroad. The total mileage to be covered will vary from 3,500 to 4,500 miles, according to the route finally selected and there is a possibility that new world's records may be made during the struggle for first honors.

The same year saw the height of the cross-country race craze in Europe and some remarkable records were made in those aerial contests. The Circuit-of-Europe race, at a distance of 1,073 miles, was won by Conneau, in fifty-eight hours, thirty-eight minutes; Vedvines won the Paris-to-Madrid race of 812 miles in 37 hours, 26 minutes; 12 seconds; Hoespel captured first place in the Circuit-of-Belgium event covering the 360 miles in 82 hours, 33 minutes, 25 seconds. There were many other aerial contests of similar importance in which excellent time was made but few compare with the records made over measured circuits or in aerodromes.

The continuous duration, held by Landmann, is 21 hours, 48 minutes, 45 seconds; the distance record is 634.16 miles and the straight line flight 486.87 miles. It can be seen therefore that the contestants in the National Aerial Derby have plenty of marks to aim at in addition to the winning of the race.

In allocating the weights for the one mile Metropolitan Handicap, the first of the big Eastern turf events, to be run at Belmont Park on Thursday, May 25 Andrew Miller's five year old gelding Roamer has been placed at the top of a list of 37 horses with an impost of 132 lbs. Roamer, recognized as last season's champion, is asked to concede Handicap King, is asked to concede five pounds to H. P. Whitney's aged horse Borrow, a consistent performer last year and ten pounds to August Belmont's five year old gelding Stromboli, which won this event twelve months ago. H. C. Hallenbeck's four year old colt, The Finn, is next on the list with 120 lbs.

George Smith, owned by John Stanford, which won the Kentucky Derby, heads the list of three year olds with 109 lbs. According to the reports of the running of the Derby this colt will have difficulty in conceding a single pound to A. K. Macomber's Star Hawk, which finished second to George Smith at the one time twelve lengths behind the rest of the Derby field. He is an Eng-

lish bred horse and on his showing at the finish of the Louisville turf classic can be counted to improve.

Ten years ago when John A. Drake's grapple won, the Metropolitan stake amounted to \$10,570. Last year, however, it was worth only \$2,350 but this season its value to the winner will be increased considerably.

Chicago—National League sluggers are having a joyous time at the new Cub park here, which was built two years ago for the Chicago Federals. Nineteen home runs have been made so far this season on the grounds, including the game Sunday, May 14, between the Giants and Chicago. Fourteen of these homers have gone over the brick wall bounding right field. The frequency with which left-handed batters drive balls into Sheffield Avenue has given rise to a belief that the distance from the home plate to the wall in right field is not as great as in the other old Cub park, but Charles Williams, secretary of the club, measured the North Side park and found the fence four feet farther from the plate than the right field fence at the West Side, where it is 304 feet. This wall too is higher than the fence at the West Side park, but its different angle may work to the advantage of the batters.

A possible explanation of the unusual number of long hits is found in the statement that the back ground at Weeghman park gives the batter a better sight at the ball. A dark green fence, without a touch of another color nearby to distract the batters eye, is directly in line with him and the pitcher.

Some of the hits would be home runs on any grounds. One made by Roberston of New York probably would have passed any fence in the country, it is said, while Zimmerman drove one almost in the same spot a few days before and in the same game hammered another homer into the bleachers in left field. The fence in an especially pleasing target for Fred "Cy" Williams, who is leading the league in circuit drives, speed giving him an extra base on what, for many players, would be not better than a triple.

Chicago—If Bob Simpson's fellow Missourians give him fair support, the Tigers may be expected to cut heavily into the point total at the Conference meet at Evans-ton, June 3. Figures show that Simpson's records are better in four events than those of Big Nae athletes entered and if he runs true to form he should score fifteen points alone for his team, granting him first place in the both hurdle events and the broad jump. In the dual meet with Kansas the other day, Simpson won the 100 yard dash and the 220 in addition to those three, but his time was 10 1-5 seconds, which marks him as slower in that event than several of the Conference sprinters and Bergman of Notre Dame who in meets this spring have done the century in ten flat. Hoyt of Grinnell, perhaps the best 220-yard dash man in the country is likely to beat Simpson in the furlong, which the Missourian won in :22 flat.

On paper the meet will be a close one, with first places well distributed and the final honors in points probably will be settled by seconds, thirds and fourths. The numerical strength of Illinois' team gives the orange and blue the best chance in that case, but Wisconsin, and probably Missouri, may be expected to figure in strongly. Alie Mucks, the best shot putter in the country now and holder of the inter-collegiate record in the discus throw, is practically sure of garnering points for Wisconsin in other outdoor events—the hammer and javelin—so that the Cardinal probably will give Illinois a closer battle than was the case at the indoor meet last March. The Illinois squad will suffer from fiercer competition in other events and the Ames and Bush are likely to crowd Simpson closely in the hurdles the winning points they gathered in the indoor meet will be lacking in part.

The following table shows the best records made this year in outdoor competition:

One hundred yard dash—Ten seconds; Hohman, Illinois; Norgman, Notre Dame; Barker, Northwestern.

220-yard dash—21 1-5 seconds; Hoyt, Grinnell; 12 seconds Simpson, Missouri; 22 2-5 seconds, King, Notre Dame; Diamond, Chicago.

440-yard dash—Forty-nine and 2-5 seconds; Diamond, Chicago; 50 1-5 seconds O'Leary,ansas.

380-yard dash—One minute, 54 1-5 seconds; Rodkey,ansas; 1:59, Stout, Chicago; Sheldon Michigan Aggies.

One mile run—Four minutes, 26 1-5 seconds; Mason, Illinois; 4:28; Schardt, Wisconsin.

Two mile run—10:07 1-5; Reynolds, Notre Dame; 10:10 2-5 Knox, Illinois.

120 yard hurdles—Fourteen and 4-5 seconds; Simpson, Missouri (Ames probably is best of rivals).

220 yard low hurdles—Twenty-four and 2-5 seconds; Simpson, Missouri.

High jump—Five feet, 10 1-4 inches; Fisher, Chicago; Webster, Illinois.

Broad jump—23 feet, 6 3-4 inches; Simpson, Missouri; 23 feet 2 1-4 inches, Pogue, Illinois.

Pole vault—11 feet, 6 inches; Burgess, Illinois; Fisherm, Chicago.

(Huston, Wisconsin may be in show by June 3).

Shot put—48 feet, 1 1-2 inches; Mucks, Wisconsin (Of Philadelphia).

Bar throw—128 feet, 5 inches; Bachman, Notre Dame.

Javelin throw—161 feet, 6 inches; Hauser, Minnesota.

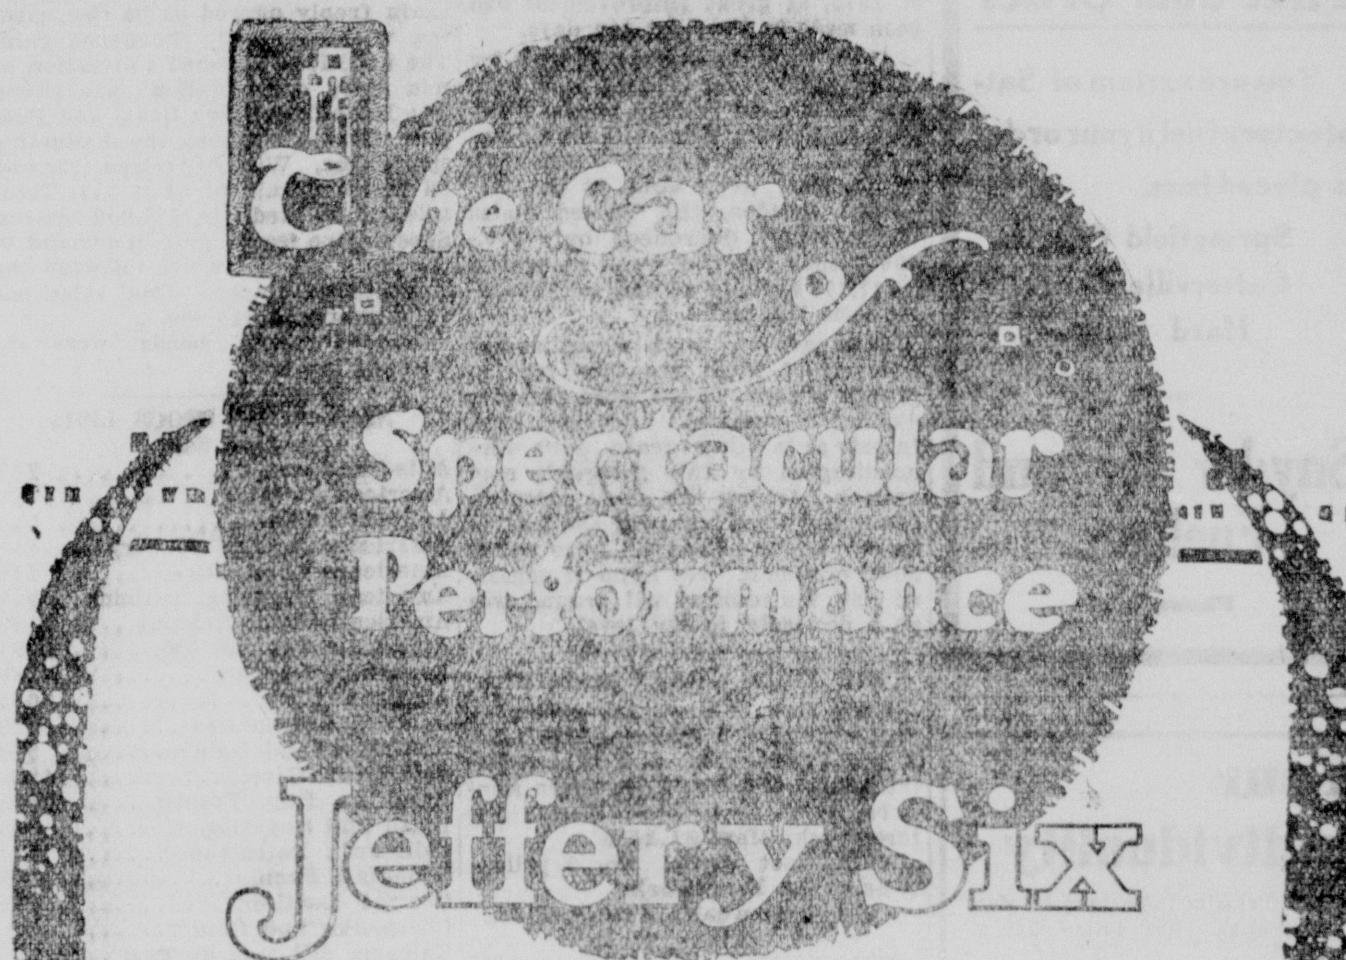

One mile relay—3:22 2-5, Wisconsin (At Des Moines).

Zurich, Switzerland, May—With imports of American oil cut off by the British blockade, petroleum companies in Germany have been unable to supply the demand, and the situation created by these conditions accounts for the enormous profits

THE CUP THAT CHEERS

SAVE THE COUPONS

THE great ideal of the Jeffery engineers—who introduced the high-speed, long-stroke, high-efficiency motor to America—has always been to give maximum power at the speeds which are used most in actual service.

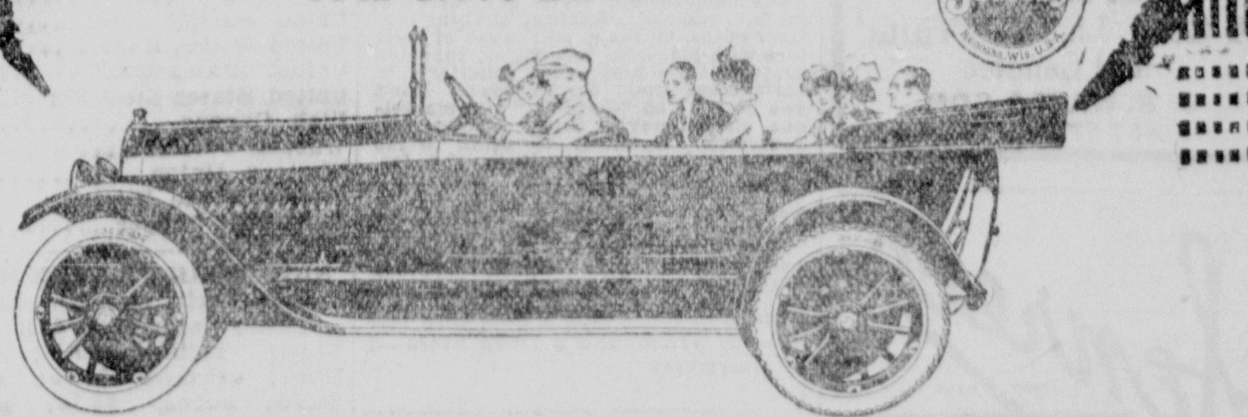

The Jeffery Six is their realized ideal of power. It gives you the power you need on crowded streets in heavy traffic—it gives you the power you want on rough country roads, and in a thousand unforeseen conditions. From 3 miles an hour or less on high—up to 60 miles, or more—she is smooth, silent, sure.

Step on the accelerator and you'll have the power sensation you never even thought of before. She starts like a sprinter at the crack of the gun. And silent! At forty miles an hour she sings along as sweetly as if she were just getting ready to make twenty. Then open the throttle and you'll learn for the first time what the word MOVE really means.

The price is \$1450—and for every dollar of it you get more power at the speed you use—more riding-comfort and driving-comfort—than you ever thought possible.

And act NOW. This is the car that sells so rapidly that the Thomas B. Jeffery Company was long ago compelled to double its planned output of it. We have a number on hand—but we can't increase our allotment because the factory cannot increase its output.

MEYER & JACOBS
1042 Grove Street

shown in the 1915 report of the German Petroleum Company, just issued. These profits amounted to nearly \$5,000,000, or a return of 63 per cent on the capital. Deducting payment of the government's special war tax on profits, the net profits for the year were \$3,150,000, or about 41 per cent on the capital.

The company has declared a dividend of 20 per cent, as compared with 12 per cent in 1914, when the profits were \$1,625,000.

Of the 1915 net profits, the company set aside \$200,000 for an association of workmen and others employed, and subscribed \$200,000 to the national fund for the survivors of the war.

Berlin, May—The latest attraction at the "War Exposition" which has been open for several months for charitable purposes are the chests and boxes that formerly contained the gold captured aboard the English ship "Appam" by the German auxiliary cruiser "Hoevar".

The gold itself is safely locked up in the Reichsbank, but at the instance of the admiralty the huge bars were accurately copied in wood and gilded to have the appearance of the original. Then with the chests they were sent to the exposition as a reminder of the daring exploit of Count Dohna-Schlodien.

As sure to rise as the Sun

You can't always make everything "just so." Sometimes you will get in more shortening than usual; or make the batter a little thin; or it may not be convenient to put a cake in the oven the moment it is mixed; or your oven may not bake evenly and it is necessary to turn the pan around—none of these little uncertainties make the slightest difference in results if you use

K.C. BAKING POWDER

This modern, double-raise baking powder has unusual strength and is absolutely certain to raise your biscuits, cakes and pastry light and feathery. It generates an abundance of leavening gas both in the mixing bowl and in the oven. The raising is sustained until the dough is cooked through.

Housewives who use K.C. never have "bad luck" with their baking. Try K.C. at your risk. Your grocer will refund your money if you are not pleased in every way.

BEARISH CROP REPORTS LEAD TO BREAK IN WHEAT VALUES

Prices Close Heavy 3 to 3 Cents Net Lower—Other Leading Staples Undergo Setback.

Chicago, May 22.—Bearish crop reports from Kansas and Nebraska led to a sharp break today in the value of wheat. Prices closed heavy 3 to 3 1/2% net lower with July at 1.08% and Sept at 1.09%.

Other leading staples too, also underwent a setback—corn 2 1/2 to 2 3/4, oats 1 1/2 to 1 3/4, and provisions 10 to 40c.

Surprise in regard to the Kansas official estimates of yield gave rise to the most aggressive selling which was witnessed during the day in the wheat pit. The forecast was for a harvest of 108,000,000 bushels whereas recent private reports had indicated less than 100,000,000 bushels.

The fact was pointed out that the official figures made no allowance for acreage plowed up since April 20, but this circumstance appeared to make no difference in the effect on prices. Even before the Kansas report was known the bears had an unmistakable advantage, chiefly because of advice that despite lessened acreage might equal the harvest of 1915, as great improvement had been made in the last ten days.

About the only buying support for wheat came from shorts who were in a position to realize profits. Export demand for domestic wheat was confined to Durums of which 250,000 bushels were sold at the seaboard. Besides, the United States visible supply decreased only 370,000 bushels for the week as against 2,847,000 bushels at the corresponding time last year.

Corn gave way with wheat, and as a result of ideal weather for the growth of corn. There were also predictions of enlarged receipts here, in oats as in other grain, bulls were handicapped by the favorable crop outlook. Among the most conspicuous sellers were some of the leading long. Lower prices on hogs pulled down provision. No support appeared until the market all around was at a decidedly lower level.

"Corns All Gone! Let's ALL Kick!"

Every Corn Vanishes by Using Wonderful, Simple "Gets-It" Never Fails. Applied in 2 Seconds.

Isn't it wonderful what a difference just a little "Gets-It" makes on corns and calluses? It's always right somewhere in the world, with many

"Wheel! I Don't Care! I Got Rid of My Corns With 'Gets-It'!" folks humped up, with cork-screwed faces, gouging, picking, drilling out their corns, making packages of their toes with plasters, bandages, tape and contraptions—and the "holler" in their throats goes on forever. Don't you do it. Use "Gets-It." It's marvelous, simple, never fails. Apply it in 2 seconds. Nothing to stick to the stocking, hurt or irritate the toe, pain stings. Corns come "clean off." It's "Gets-It" is sold everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

needed as the world's best corn remedy—by Armstrong's Drug Store—J. A. Obermeyer.

PIMPLES AND SKIN ERUPTIONS DANGER SIGNS OF BAD BLOOD

First Sign of Blood Disease.

Pimples, scaly itching skin, rashes, burning sensations and Scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S. the standard blood tonic for 30 years. If you expect relief, for purifying the system, nothing is equal to it. The action of S. S. S. is to cleanse the blood. It works through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles. It increases the flow so that the blood can properly perform its physical work. The dull, sluggish feeling leaves you—the complexion clears up. Even long-standing cases respond promptly. But you must take S. S. S. Drugs and medicines won't do. Get S. S. S. from your druggist. If you need expert advice write to Swift Specific Co., Atlanta, Ga.

RAILWAY DIVISION IS AGAIN CENTER OF BUYING MOVEMENT

Carries Reading to New High Record and Elevates Other Potential Issues to Highest Prices in More Than a Year.

New York, May 22.—Last week's bullish demonstration in securities of the better class was resumed with greater breadth and all around activity today, the railway division being again the center of a buying movement, which carried Reading to a new high record and elevated other potential issues to highest prices in more than a year. Specialties were under steady restraint in consequence of profit-taking, but the few recessions in that quarter were nominal as compared with substantial gains elsewhere.

Reading did not get into action until after the session had been half spent. News from Washington that the supreme court had rendered a decision favorable to coal companies inaugurated a fresh demand.

The inquiry for Harrimans, St. Paul and other seasoned rails were scarcely impressive. Canadian Pacific was the only inconsistent feature forcing an early advance of 1 1/2 points, but finishing with a fractional decline. United States Steel attained the high price of 86 but was again freely offered on its rise, closing with a small fractional gain. The utilities furnished a diversion at mid day, consolidation gas rising 3 1/2; Brooklyn Union Gas 3 and Peoples' Gas 2. Among the distinctive specialties, Willys-Overland showed an extreme gain of 14 at 274. Total sales amounted to 915,000 shares. Speculative issues were in demand in the bond market which reflected the strength of stocks. Total sales par value were \$5,210,000.

United States bonds were unchanged on call.

HOG PRICES ARE WEIGHED DOWN BY HEAVY ARRIVALS

Cattle are in Brisk Demand—Sheep and Lambs Prove Plentiful, but Call for Lambs Shows Remarkable Breadth.

Chicago, May 22.—Hogs, prices broke today weighed down by arrivals 8,000 in excess of the total on the corresponding day last week. Cattle were in brisk demand. Sheep and lambs proved more plentiful than has been the rule of late but the call for lambs showed remarkable breadth.

Chicago Livestock Market.
Hogs—Receipts, 40,000. Market weak, 10 to 15c lower. Bulk \$9.50 @ 10.00; light, \$9.40 @ 9.95; mixed, \$9.60 @ 10.00; heavy, \$9.50 @ 10.05; rough, \$9.50 @ 9.65; pigs, \$7.40 @ 9.40.

Cattle—Receipts, 15,000. Market strong. Native beef cattle, \$8.15 @ 10.40; western steers, \$8.35 @ 9.35; stockers and feeders, \$6.00 @ 6.90; cows and heifers, \$4.50 @ 9.70; calves, \$8.00 @ 11.25.

Sheep—Receipts, 16,000. Market unsettled. Wethers, \$7.85 @ 10.00; ewes, \$6.00 @ 9.90; lambs, \$9.00 @ 12.90.

St. Louis Livestock Market.
Hogs—Receipts, 8,900. Market 5 to 10c higher. Pigs and lights, \$7.55 @ 9.95; mixed and butchers, \$7.50 @ 10.90; good heavy, \$10.00 @ 16.15; bulk, \$9.85 @ 10.00.

Cattle—Receipts, 4,000. Market steady to 15c higher. Native beef steers, \$7.50 @ 10.00; yearling steers and heifers, \$8.50 @ 9.75; cows, \$5.25 @ 8.25; stockers and feeders, \$5.50 @ 8.50; Oklahoma steers, \$5.75 @ 8.85; prime yearling steers and heifers, \$8.75 @ 10.25; prime southern steers, \$9.00 @ 9.50.

Sheep—Receipts, 6,300. Market strong. Wethers, \$8.50 @ 9.75; lambs, \$10.00 @ 12.70; clipped ewes, \$7.50 @ 8.70; clipped lambs, \$9.00 @ 11.15; spring lambs, \$10.00 @ 14.00.

Kansas City Livestock Market.
Hogs—Receipts, 15,000. Market lower. Bulk, \$9.65 @ 9.85; heavy, \$9.80 @ 9.90; light, \$9.55 @ 9.75; pigs, \$8.75 @ 9.25.

Cattle—Receipts, 10,000. Market steady. Steers, \$9.50 @ 10.00; cows, \$5.50 @ 8.25; heifers, \$9.75 @ 9.85.

Sheep—Receipts, 9,000. Market steady. Lambs, \$10.00 @ 12.50; yearlings, \$9.00 @ 11.25; wethers, \$8.25 @ 9.60; ewes, \$8.00 @ 9.50.

Omaha Livestock Market.
Hogs—Receipts, 15,100. Market lower. Heavy, \$9.65 @ 9.80; light, \$9.50 @ 9.70; pigs, \$8.00 @ 9.25; bulk, \$9.65 @ 9.70.

Cattle—Receipts, 3,600. Market higher. Steers, \$8.00 @ 10.00.

Sheep—Receipts, 3,800. Market steady. Yearlings, \$9.00 @ 11.00; wethers, \$8.25 @ 9.75; lambs, \$11.35 @ 12.35.

ONE-CENT NEWSPAPERS IN PERIL

Brooklyn Eagle: We can all understand and certainly most of us will approve the action of the State Editorial Association of Pennsylvania in warning the people of their commonwealth that if present conditions continue, the publication of one-cent newspapers must come to an end. Of course, no time is set, no trust or combination has been formed, but the feeling of the Pennsylvania newspapers is frankly expressed.

This war has been immensely expensive to the newspaper publishers, and the expense is growing, not subsiding. The cost of machinery, the cost of white paper, the cost of mechanical labor have increased. The expense of handling the war, of getting what news can be got about it, day by day, despite censorship and other annoyances, telegraph tolls, special correspondents, all have grown. In no case has the return from increased sales of papers begun to cover the outlay, and increased advertising business has not balanced it. Three cent and two cent dailies have the advantage of others, however, because they net something on each extra copy sold.

All the dailies, big and little, in America, feel about as those Pennsylvania organs feel. The day of the one cent paper is over, unless or until conditions change. At its best this price laid a severe burden on the advertiser. He must pay all the expenses of production. Circulation money could never more than cover white paper. That is true whether 500 copies or 5,000,000 copies are printed.

The advertiser has troubles of his own these days. He must keep things moving. He must spend cash for printers' ink. Surface prosperity has its claims on him. But he feels in many cases that prosperity is spotty and uncertain; he is doubtful about after war developments; he advertises for tomorrow, not confident of that cumulative effect of publicly buying. He expects and he has a right to be treated fairly in abnormal and speculative conditions, which neither he nor the publisher can fully diagnose.

That is one reason why publishers everywhere are seeking to cut down charges on white paper, to eliminate waste where waste can be eliminated; to print fewer pages where that is practicable. For advertiser, for publisher, for patron, trimming of sails at present is the wisest wisdom. Economy cannot accomplish much. What economy cannot make easy must be done by fairer distribution of burdens and when it comes to this the one-cent price is manifestly untenable as well as indefensible.

EXECUTOR'S NOTICE

Estate of Patrick Quigley deceased. The undersigned, having been appointed executrix of the last will and testament of Patrick Quigley, late of the County of Morgan and State of Illinois, deceased, hereby gives notice that she will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the July term, on the First Monday in July next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 15th day of May, A. D. 1916.

Mary Quigley, Executrix.

Miss Rena Ruby departed last night for her home at Stafford, Kansas. She has been visiting her sister, Mrs. Clifford Davis of Pisgah, and her aunt, (Mrs. Walter Ward on Hildan avenue.

THEY LET HIM SLEEP

"Since taking Foley Kidney Pills I believe I am entirely cured and I sleep soundly all night."
H. T. Strayner

Take two of Foley Kidney Pills with a glass of pure water after each meal and at bedtime. A quick and easy way to put a stop to your getting up time after time during the night.

Foley Kidney Pills also stop pain in back and sides, head ache, stomach troubles, disturbed heart action, stiff and aching joints and rheumatic pains due to kidney and bladder ailments.

GAINESVILLE, GA., R. R. No. 3. Mr. H. T. Strayner says: "For ten years I've been unable to sleep all night without getting up. Sometimes only a few minutes after going to bed I'd have to get up, and I tried everything I heard of for the trouble. Last year I tried Foley Kidney Pills and after taking one bottle I believe I am entirely cured and I sleep soundly all night."

Since I took FOLEY KIDNEY PILLS?

Don't Miss This: To give all a chance to try Foley & Co.'s family remedies, clipping and 5c, with your name and address written clearly, and they will mail you trial package containing samples of Foley's Honey and Tar Compound, Foley Kidney Pills and Foley Cathartic Tablets.

J. A. Obermeyer, City Drug Store.

SPORTING NOTES.

Whether Freddie Welsh will quit
the fight game, as he announced, in
July on the second anniversary of his
winning the title, is doubted by ring
experts. After thinking it over dur-
ing the summer, we may expect the
come-back in the fall.

The swimming endurance title will
be a strenuous thing this summer, for
the plan is to send the men from
New York to Sandy Hook and back
again, a distance of forty miles.
Charlie Durbow, the Philadelphia
expert, doubts whether it is possible
for any man to complete the stunt,
because of the tides.

Speaking of baseball records, an
earnest fan alludes to the one man
in baseball history who placed him-
self in the hall of fame by delivering
just one ball. He was Manager
Childs of the Portsmouth, O., team.
In a game in 1910, he went into the
box and pitched one ball. It resulted
in a triple play, and Childs got credit
for pitching an entire inning with
one leave, the only time it has been
accomplished.

The regular horse racing season in
New York opens on Thursday, with
the Kings County Handicap, at Jama-
ica. There are over 500 entries for
the dozen stakes to be run at the
meeting.

Walden Zhyssko, the Polish her-
cules who disposed of Jim Lossen,
the English wrestler in quick falls
at Boston last week, says he is offer-
ing a chance to face Gotch's place
to meet Joe Stecher in Chicago at
Labor Day. The Windy City will
have a corking match if the negotia-
tions go thru, for the Pole has been
busy on the defense of the terrible
leg scissors.

Charlie White, the veteran Chicago
referee, will judge the amateur
championship bouts to be staged at
Newark on Thursday, Friday and Sat-
urday evenings. Some of the top-
notchers of the simon-pure calibre
are entered in the various classes.

The oarsmen are watching three
interesting rowing events this week.
Syracuse goes down to Annapolis to
tackle the navy on Saturday, and
Cornell will meet Harvard on the
Charles River the same day. A three
day regatta for school and senior
crews opens today on the Charles,
under Harvard auspices.

There are seventy nominations
for the Bashford Manor stakes which
will be run today at Churchill Downs.
The crack two-year old colts and
geldings are in the list. The distance
is four and a half furlongs, and the
record is 0:53, a fifth of a second of
the track record at this distance at
the Downs.

Mike Gibbons' next fight is with
Jeff Smith, and will be held under
flattering terms at the Stadium A.
C. in New York. A date between
May 22 and June 3 will be set for
the encounter.

The distance runnings along the
Pacific Coast will be seen in the 13-
mile road race tomorrow, from Mill
Valley to San Rafael, Calif. The Gov-
ernor of California will pin the hon-
ors on the winner. The next dis-
tance event in the East is the ten
mile event in St. Catharines, Ont.,
on Victoria Day, May 24.

The auto-race amateurs will line
up at Chicago on Saturday for Chi-
cago's first annual Western Inter-
club non-professional contest. The
first heats will eliminate all but four
cars each, and the final will be a
race of thirty miles. Every car in
the final must

CHAPIN.

Mr. and Mrs. Lloyd Ross of Manchester spent Sunday with Mrs. Ada Funk.

Miss Pearl Wild, Turner Antrobus and Gladys Knapp of this place and Stanley Wagner of Carrollton went to Beardstown yesterday, taking the boat at Mercedia.

Mrs. Charles Whipple of Decatur is visiting friends here.

Miss Florence Smith and Miss Davis of Quincy both students at Illinois Woman's college spent Sunday with Miss Smith's parents, Mr. and Mrs. H. O. Smith.

Dr. and Mrs. F. M. Roberts attended the baccalaureate services of the senior class of the Jacksonville high school Sunday.

Joseph Peters of Mercedia spent Monday here on business.

Miss F. E. Smith, Miss Lucille Large and Fred Vumwalt of Jacksonville spent Sunday with Mr. and Mrs. J. A. Wimberly.

The Juniors of the Chapin high school entertained the seniors at a dance Monday evening given at the home of G. A. Allen. There were about twenty couples present including the faculty of the high school. The evening was pleasantly spent and refreshments were served. The members of the senior class are Miss Addie Fox, Miss Mary Owings and Miss Letha Eilers.

OPEN AIR SCHOOL PICNIC.

The open air school children held their picnic yesterday and a merry time they made of it. Street cars kindly furnished by the Jacksonville Railway & Light company were at the door at the proper time in the forenoon to take the merry-makers to Nichols park and arriving there, they were turned loose and enjoyed everything in full. The monkeys, the birds, the little coons, the elk and all the various attraction came in for full share of admiration. Dinner was served in due time and youthful appetites made way with the good things in short order.

There were 33 children in all and some of the older ones repaired to the baseball park and played there. Games of a great variety helped occupy the hours and all too soon came the cars for the return. The children were in charge of Miss Laura Hammond, their faithful and devoted teacher, assisted by Miss Johnson, school nurse, and Miss Coale, clinic nurse.

Everything went well without trouble or hitch and thirty-three tired and happy children slept well last night.

Mrs. Margaret Mann of Denver has arrived in the city for an extended visit with her daughter, Mrs. Al Stewart, and family, at 528 Reid street.

SPECIAL TAX NOTICE

Notice is hereby given to all persons interested,

That the City Council of the City of Jacksonville, Illinois, having ordered the roadway of South Main Street in said City, beginning at the South line of the Public Square in said City, and running thence South to the center line of Morton Avenue, where the same intersects said South Main Street, be paved with crushed stone and a coal tar compound binder, the same width as the present pavement, except the right of way of the Jacksonville Railway company, which shall be excavated and constructed with a sub-base of crushed stone, concrete foundation thereon, sand cushion, brick wearing surface with grout filler; that the roadway of said street beginning at the South line of Edgmont Street where the same intersects said South Main Street shall be excavated to a depth of seventeen (17) inches below the present grade of the old pavement, and from thence South three hundred (300) feet; the same shall be excavated on an ascending grade so as to finish five (5) inches below the present grade of the old pavement; the present curb adjacent to said excavation, to be lowered to conform to the new grade; upon the foundation of said excavation shall be laid a concrete foundation upon which shall be constructed a surface of crushed stone and coal tar compound binder and wearing surface, except right of way of Railway Company; all of which is further shown and more particularly described in and by the plans, plats, profiles and specifications for said work on file in the office of the City Clerk to which reference is hereby made; the Ordinance for the same being on file in the office of the City Clerk of said City, and said City having applied to the County Court of Morgan County, Illinois, for the confirmation of the assessment of the cost of said improvement according to the benefits, and an assessment therefor having been made and returned to said Court; the final hearing thereon will be had on the 2nd day of June, A. D. 1916, at 9 o'clock a. m., or as soon thereafter as the business of the Court will permit, and all persons desiring so to do may file objections in said Court before said date, and may appear on said hearing and make their defense.

It is further provided by said ordinance, that said assessment shall be collected in ten (10) installments, with interest at the rate of five per cent per annum, as provided by law. Dated at Jacksonville, Illinois, this 16th day of May, A. D. 1916.

Walter B. Rogers, Commissioner appointed to make said assessment.

SOME FARM TOPICS

Will It Pay?

Will it pay to spend one dollar for a pair of scales, five dollars for a Babcock milk tester and one hour's time each week to know just what each cow is producing?

Will it pay to erect a good silo so you can have green feed in the winter?

Will it pay for you to do about four hours' work each day pumping water, running the separator, the churn, the grindstone and other small machines by hand when a \$40 gasoline engine will do the work in a half hour?

Will it pay to raise a scrub calf which when grown will sell for \$50 when the same amount of feed and care will raise a pure-bred animal worth \$100 to \$250?

Will it pay to plant untested seed and take a chance on having to plant over? The field makes a poor testing box, why gamble?

Will it pay to let your henhouse become a lice harbor? Better get out that sprayer and get them.

Will it pay to use poor machinery when for a few dollars you can get good? No man can do as good work with poor tools as with good ones.

Will it pay to let good machinery wear out for the want of a little good oil? Remember, oil is cheaper than machinery.

Will it pay to let \$2,000 worth of machinery set in the fence corner or out in the orchard when \$100 will build a good shed?

Will it pay to keep a herd of scrub dairy cows which return you little or no profit when for the same feed and work you can keep a herd of good cows which will return a good profit on the money and labor invested?—Albert L. Hunsaker, in The Farmers' Review, Chicago.

A Stimulus To Breeding.

Beef cattle, barring the top grades are selling at highest prices in history. Here is a stimulus to cattle breeding, and it is having a strong effect in inducing farmers to take hold of pure blood animals.

Causes for the present record prices in the cattle market are plainly the failure of producers to keep pace with domestic and foreign demand requirements.

Three is need for a considerable increase in production. No material repressive factors can be injected in the situation. Cattle are high to remain high, for the reason that demand for beef is bound to grow rather than lessen.

Barish sentiment has been lessened greatly within the past few months. Naturally there is bound to be a readjustment of prices in the market, a spreading of values to balance the intrinsic values of various grades of beef animals, but it must be borne in mind that a good beef bullock is worth far more than it was a few years ago because demand is greater and supply less.

Cattle breeding must be on a broader scale. The corn belt states must increase their production. Farmers are attempting this now, and the movement will grow because of the profit in the business is obvious to the practical breeder and feeder.—Drovers Journal.

A PLEASANT SURPRISE

Miss Fannie Boyd of the Brookway Training school for Nurses at Bloomington, Ill., who is spending a vacation at the home of her parents, east of the city, was given a pleasant surprise Sunday by the members of the Salem Sunday school.

It was indeed a surprise as Miss Boyd knew nothing about it until the guests had arrived, she entered heartily into the occasion and proceeded at once to make them all feel welcome.

The self-invited guests brought with them well filled baskets and at one o'clock an elegant two course dinner was served. The afternoon was spent with conversation and music, and towards evening they departed for their homes with happy recollections of the day.

Miss Boyd before entering training at the Brookway hospital was always an interested worker in the Salem Sunday school and church and the gathering Sunday showed the high esteem she is held in by the members of that well known organization. Those present were: Mr. and Mrs. Edward Phillips and daughters, Irene and Mary Elizabeth, Mr. and Mrs. William Thompson, sons Harry and Russell, Mr. and Mrs. William Harrison, Mr. and Mrs. Will Davis, daughter Dorothy and son John, Mr. and Mrs. Charles Dodd, Mr. James Baker, daughters Alice and Nettie, Mr. and Mrs. Edward Armstrong, Mr. and Mrs. Frank Green, Carl and Frances Pitner, Maurice Hairgrove, Nellie Spreen, and Mr. and Mrs. Thomas Boyd and daughter Fannie, Mr. and Mrs. S. L. Fox and son George.

JOHN FLARITY ON TRIAL

FOR LARCENY.

In the circuit court Monday afternoon the trial of John Flarity, charged with burglary and larceny, was begun. The securing of the jury and the examination of witnesses occupied the time of the court until about 4:30 o'clock, when argument was begun. State's Attorney William M. Hairgrove was obliged to leave the court room on account of the sudden death of his mother and John M. Butler made the address to the jury in the place of Mr. Hairgrove. The defendant was represented by J. Marshall Miller. Flarity was charged with stealing a hide from the C. and A. depot at Murrayville some months ago. The jury which heard the case included B. R. Morris, Oliver Ham, John Early, Roy Eyre, A. L. Wood, Roy Braustetter, Fred Drake, W. P. Stillman, S. E. Bergschneider, George Bussey, Charles Godfrey and Adam Elmgott.

LITERBERRY.

Mrs. W. H. Yancy and daughter, Edith, spent Tuesday at the home of Mr. and Mrs. John Young at "Center Cottage."

Mr. and Mrs. J. A. Litter of Orchard Place gave a birthday dinner on Sunday to their son, Edward, of Jacksonville.

Mr. and Mrs. Abe Dinwiddie of Locust Grove gave a twelve o'clock dinner on Sunday to a number of their friends.

Mrs. Durrell Crum and little son, came home Saturday morning and the relatives met at Allegretta farm to welcome Cecil Alvin and his mama and gave him their best wishes. Refreshments were served at 6 o'clock to thirty guests.

The new cement walk on Broadway reaches from Shady Lawn on the north to West Capitol street on the south, and connects with other walks leading to the churches on the west, and to the depot on the east; this walks looks up high and dry and is of fine workmanship. It is well laid, smooth and white. Much praise is due to all those who labored on this needed improvement; their reward will come later.

Mrs. James closed a very successful term of school on Friday, by giving the children a picnic at Dunlap Heights.

Al. Dunlap drove a new Overland car out to his home on Friday.

Ernest Decker of Greenwood is reported as being sick with catarrh of the liver.

Miss Mildred Underbrink of Inglewood visited at Sunshine cottage on Sunday afternoon.

Orville Petefish of Spring Grove farm, who has been sick with a slow fever for about two weeks, is convalescing.

Rev. C. G. Cantrall of the Christian church preached at his regular time on Sunday morning to a full house. His topic was "The capabilities of the Christ life, and to what heights a growing Christian can reach by working in the church and among his people, according as the Master teaches."

Mr. and Mrs. D. K. McCarty have purchased a new Interstate car.

We have received a nicely designed and tastily printed commencement card from Miss Dorothea Grace Van Houten, who will graduate from the Jacksonville high school on the evening of the 25th, at the opera house.

The fishing in Big Indian creek, south of Literberry, was never better; many good catches being reported, and some verified. This gave some of our expert fishermen a desire to go where the big fish live, and put in a whole day real fishing. Friday morning we saw four men with fishing poles, lunch boxes and broad smiles board the 8 o'clock north bound train for Wolf Lake. Three of these men were experts, the fourth made no pretense of being a fisherman. This company is known as the "Big Four," namely, J. A. Litter, J. S. Hitchens, D. K. McCarty and Rev. C. G. Cantrall. We tried to get a full report of the trip, not for our own profit or pleasure, but for a kind of printer for amateur fishermen who got out for the material good, instead of pleasure. It is a fact that when the Big Four reached the fishing grounds, J. A. Litter and J. S. Hitchens paired off, leaving the minister and McCarty to work together. This stirred up some ambition and each pair was determined to outdo the other in the catch of the day. It would take too much time and space to record all the incidents of the trip, but this one came so near being a tragedy in work recording. This was the peculiar feat of McCarty falling into a hollow log while trying to induce a channel cat to take the bait. The question arises, how could one fall into a hollow log in the water. We will not stop to argue this question, for even the preacher says it is true, and McCarty has a bruised ankle, which is proof enough for us. But what about the catch? We saw the arrival in the evening, and will say that if the fish had been distributed over the town, every family could have had fish for supper. Rev. Cantrall caught twenty-seven; J. A. Litter hooked a nice channel cat; J. S. Hitchens hooked an enormous carp and D. K. McCarty took some fine sunfish and goggle-eyes, and he and the preacher exerted all their knowledge to catch a carp that would out-measure the one caught by Mr. Hitchens, and at last they thought their luck was perfect when Mr. McCarty hooked a carp of prodigious dimensions. Their good feelings were soon dissipated, for he found it impossible to land him with the line he had, therefore he cut a forked pole and stuck it into the mouth of the carp, causing him to let go the bait, see?

SOME INTERESTING PICTURES

Col. George H. Hinton has received a number of photo post cards from his son, Morgan Hinton, which are on display in the window of the Journal office. The views are pictures taken along the border in Texas and judging from appearances they are having real war down there. Mr. Hinton's son is a Pullman car conductor and has recently been running on special trains between Los Angeles, Calif., and El Paso, Tex.

WANT BASEBALL PLAYERS.

Washington, D. C., May 22.—The United States Marine Corps is in the market for baseball players. Recruiting officers have been directed to bend their energies toward the securing of first-class ball players to fill the teams representing the Corps in various parts of the world.

The Marine Corps teams at Peking, China, and Managua, Nicaragua, are considered by many travelers to be the most representative American teams of near big league calibre.

JOHN C. McGRATH—SUNDAY VISITOR

John C. McGrath of Jerseyville spent Sunday in the city with friends. Mr. McGrath is prominent in democratic politics in Jersey county, having been county clerk for several terms. He also was chief clerk in the office of the late Secretary of State Harry Woods.

Mrs. W. F. Holscher and children have returned from Beardstown, where they have been visiting relatives.

PROBATE COURT.

In the estate of C. A. Barnes, final report was filed and approved.

In the estate of Norman Broadwell, the will was admitted to probate.

In the estate of Milton Harney, the petition to probate the will was refused. It was set forth by one of the heirs that the will had been drawn prior to Mr. Harney's second marriage and this fact was sufficient to make the will an illegal document.

A hearing was had before Judge Thompson on the citation which issued against Charles R. Taylor, administrator of the estate of his brother, Mrs. Nancy E. Taylor. The charges had been made that the administrator was not a resident of the state at the time he took out letters of administration, that he was incompetent and had failed to comply with various legal requirements. It was shown in the testimony that the administrator's bondsmen were seeking to be released and after Judge Thompson had decided in favor of Taylor remaining as administrator, he also made an order that the administrator must file a new bond for \$10,000 by next Saturday and that the present bond may at that time be released.

In the proceedings J. Marshall Miller and M. R. Lewis of Springfield appeared for those who wished to have Mr. Taylor removed as administrator, and his attorneys were J. O. Priest and Walter W. Wright. Subsequent to the hearing Taylor was arrested by Chief of Police Davis on a charge of selling liquor in anti-saloon territory. Information was filed in the county court against the defendant, the information being signed by his brother, John Taylor. The principal property involved in the Taylor estate was the forty acres of land two miles north of Jacksonville which was recently sold at public auction, and brought \$225 per acre.

AUTOMOBILES

Mr. and Mrs. George Hughett of Virginia brought several friends to the city yesterday in their Jackson car.

H. O. Smith and daughter came up to the city yesterday from Chapin in their Ford car.

O. L. Crum of Literberry visited the city yesterday and went home with a new Ford car.

O. E. Bentley of Springfield, representing a road grader factory came to the city yesterday in his Ford car.

Thomas McNeal of Springfield journeyed to the city yesterday in his Buick 6 car.

H. Ryan of Springfield made a trip to the city yesterday in his King 6 car.

Watson Leek west of the city came to town yesterday in his Overland car.

M. A. Hulett of Ardmore vicinity rode to the city yesterday in his Buick 6 car.

Wm. Mortimer came up to the city yesterday from the region of Woodson in his McKa 6 car.

J. S. Green rode in a Pullman car to Winchester yesterday and home by Allegretta and found the roads good. Roy Coulmas had forty acres of corn plowed once.

True Secret of Keeping Youthful Looking

(The Beauty Secret.)
"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."
"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'Santonal' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santonal tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

The Constipation Curse

Constipation—clogged bowels cause pain and sickness; 95 per cent of our ills, say the authorities, Santonal Laxatives bring quick relief. All vegetable—contain no calomel. Ten doses for a dime at any druggist. Physician's sample free, upon request, if you mention this advertisement. The Santonal Remedies Co., Inc., 800 Madison Ave., Covington, Ky.

HIGH SCHOOL GRADUATING CLASS HEARS INSPIRING ADDRESS

Life of True Usefulness Described by the Rev. P. W. Stephens in Baccalaureate Sermon at First Baptist Church.—Church Is Crowded.

The full use of one's talents and the living of a truly useful life was the theme of an inspiring address to graduates of Jacksonville high school by the Rev. P. W. Stephens Sunday morning at First Baptist church. Rev. Mr. Stephens took as his subject, "Only a Rod," from Exodus 4:2. "And the Lord said unto Moses, 'What is that in thine hand?' And he said, 'A Rod.'"

The church was filled to capacity and there were many turned away. Members of the class, seventy-nine strong, as well as Supt. Collins and several of the teachers, marched in to the church in double file and took places reserved for them in the front of the house.

The church choir, under direction of Mrs. Lucy D. Kolp, furnished appropriate music and Mrs. Florence P. Hartmann and Miss Mary Violet sang a duet, "Calm as the Night."

In addressing the class Rev. Mr. Stephens said in part:

"I think God asked this question in the first place because He was interested in Moses. We do not always sufficiently recognize the fact that God is deeply interested in every one of His creatures. He knows all about us, and plans for our very best welfare. We lose sight of this at times because our prayers are not immediately answered."

"But God is interested in us. He is interested in our social life, our spiritual life, our secular life, and our scholastic life. He is interested in the whole man. And I think He is interested in us because of what we are. We are the greatest product of God's creative power. And if the consciousness only gripped us that we are even greater than the angels because destined to become their rulers it would influence our lives mightily. The seven sages of Greece have each left some characteristic saying. Solon was the author of that famous motto graven on the walls of Apollo's temple at Delphi: 'Know thyself.' Pittacus, another of the seven, added: 'Know thine opportunity.' A third, Pericles, said, 'Nothing is impossible to industry.' It would help us to know ourselves as God knows us, and because He does know us He is interested in us."

"And I think God is also interested in us because of what we might become. The possible developments of the life are almost limitless. Take even a bar of rough iron. It may be made into a hundred horse shoes, a hundred and fifty thousand needles, two hundred and fifty thousand hair springs. No one can limit the possible developments of a life."

God Needs Our Help.

"A second thought that comes to us from the text is that God was dependent upon Moses. God had a tremendous work to be done by some one down in Egypt. There were over two million of His people there who needed to be organized and led forth to Canaan, and God was dependent upon some man somewhere to do that work. In the divine order of human achievements and progress, God has limited Himself to human instrumentality, and when this great multitude of disorganized humanity needed a shepherd to care for them and lead them, God found Moses on the back side of the desert with the rod in his hand, the shepherd's crook, the emblem of his daily work, and it is as though God has said, 'Moses, it's only a rod you have, but you have used it well during the past forty years: come on down to Egypt and use it for Me.'"

Inspired Talents.

"There is a third thought that comes to us, and that is, God would transform the rod of a man who uses it faithfully, and make it a mighty weapon in his hand. When Moses told God that all he had in his hand was a rod, God told him to cast it down on the ground. He did so and it became a serpent. He was told to take it by the tail; he did, and it became a rod again. With that rod he went into the presence of Pharaoh and confounded the king and his magicians. With that rod he turned water into blood and dust into lice. With that rod he filled the rivers of Egypt with frogs that they came up all over the land; with it he brought the swarms of locusts in the east wind, and with it he brought on that terrific storm of thunder and hail. Later, after they left the servitude of Pharaoh, Moses stretched his rod over the Red sea and it parted for them to pass through. A little later, while they were camping at Rephidim they had no water; Moses smote the rock with his rod and the water gushed out to slake their thirst. It is more than marvelous what we might become if God only uses our rod. Some one said of the uneducated D. L. Moody: 'What is there in Moody that makes him such a power?' and the answer was, 'God is in him.' And whenever God gets the control of a man things begin to happen!"

And God is asking us the question today, 'What is that in thine hand?' for whether it be a rod, a pen, a saw, a hammer, a chisel, a broom, a trowel, He can transform it and make it 'mighty in the pulling down of strongholds' and in the blessing of mankind. A pen in the hand of Abraham Lincoln liberated three million slaves. No matter how feeble or few your talents might be give them to God; He is interested in you, He is dependent upon you,

and He is waiting to take what you have and transform it. All He needs is your willingness—your cooperation in the presentation of what you have.

WINCHESTER

Mrs. J. W. Miller and children left Monday night for Pinfield for a visit of several days with relatives.

Miss Helen Miner of the Women's college spent Sunday at her home here with her father Dr. James Miner, and her sister.

Leo Boylan of Beardstown spent Sunday and Monday with relatives here.

S. W. Babb of Jacksonville delivered a seven passenger Cadillac to Dr. and Mrs. William O'Reilly Monday.

Miss Florence Gibbs of Los Angeles, Cal., is visiting her aunt, Mrs. Frances Chumley.

Robert Mason is confined to his home by an attack of rheumatism.

Mrs. William Lilley returned home Monday from a visit in White Hall at the home of Mr. and Mrs. Alonzo Ellis.

In spite of the epidemic of measles which has been in progress here for several weeks, many of the high school and grade pupils were rewarded for perfect attendance and punctuality during the school year. It has been the custom for a number of years to give books to those who make perfect attendance records. Miss Loretta Coultas, who has just finished her second year in the high school, has an unusual record, as she has never been tardy nor absent during her entire course.

NEW METHODIST BISHOP

Personal Facts Are Given About Men Recently Elected To High Office—Old Story About Ministers' Sons Refuted.

The Methodist General Conference has elected seven new bishops, all widely known throughout the church. The unique fact is that only one of these could be called a connectional official, Dr. Nicholson, secretary of the Board of Education. Connectional officials visit the annual conferences and thereby acquire a vast acquaintance, says the St. Louis Globe-Democrat. For a long time these positions were looked upon as stepping stones to the episcopacy. Three pastors were chosen, Hughes, Mitchell and Leonard. All three are sons of clergymen. Hughes is from a college. He attended the University of West Virginia for a time and embarked in the newspaper business. His reverend father named him Matthew Simpson and he altered it to Matt S. But he could not resist the call of blood and training and was ordained at 24. His brother Edwin, former president of Depauw, is an active bishop. Dr. E. E. Hamilton, the last of the seven elected, is brother of Bishop John W. Hamilton, but the latter retires this year. While Dr. Hamilton comes from the presidency of the American University, he was distinguished as a pastor for sixteen years. Most of the bishops are from Methodist colleges, but Dr. Hamilton is a Harvard man, having been class orator and commencement speaker in 1887. Dr. Herbert Welch was a pastor for fifteen years, prior to becoming president of Ohio Wesleyan. Although technically a connectional official, Bishop Oldham has not been so regarded. His career has been remarkable. He was born in India and partly educated there. He founded the Methodist Malaysia mission at Singapore and the great Anglo-Chinese school there. He taught missions and comparative religions at Ohio Wesleyan five years and was "missionary bishop" for Southern Asia eight years. For the last quadrennium he has been corresponding secretary of the Board of Foreign Missions. He could not get rid of the title bishop and his many St. Louis friends rejoice the cloud on it has been removed. His first sermons were preached as a substitute pastor in the old Union M. E. church of this city. Dr. Charles B. Mitchell also has a host of St. Louis friends, who have often drafted him for special occasions. His father was a famous presiding elder in Kansas. Dr. A. W. Leonard is son of Dr. A. B. Leonard, for twenty-four years missionary secretary and many times proposed for bishop. The preachers' sons are the chief and ancient slander in the church and outside. President Wilson and Justice Hughes are two illustrious examples of those maligned individuals.

6 pair socks guaranteed 6 months 60c at TOMLINSON'S.

KNIGHTS OF COLUMBUS

DEFEAT WINCHESTER

The Knights of Columbus journeyed to Winchester Sunday and defeated Winchester by a score of 3 to 2. The grounds were heavy but the game was played anyway though it was under difficulties. Sloan pitched a good game for the Knights and was given good support by Kennedy. The batteries were: Knights of Columbus, Sloan and Kennedy; Winchester, Cowick and Casey.

VISITED PARK

Ch. H. Gardner of Beardstown was in the city yesterday visiting his friends, C. J. Deppe and Earl Epler. While he was here they took him out to Nichols Park which he greatly admired and was especially enthusiastic regarding the golf course which he pronounced unusually good. He said Jacksonville was away ahead in the matter of a park and a golf course.

JOHNSON, HACKETT & GUTHRIE

COMMENCEMENT SEASON

comes around again. Almost a hundred young people leave the high school to take up their life work. Graduation is an event in each of their lives. An appropriate and universal custom is the giving of remembrances at this time. It isn't necessary that they should be of great money value, but they should be fitting and useful, something to carry the atmosphere and thought of the giver. "A gift without the giver is bare." We are supplied with an abundant variety of useful things for every one's needs.

Hosiery, Neckwear, Scarfs, Silk Waists. Towels, Toilet Articles, Jewelry, Dress Goods, Gloves, Auto Caps, Umbrellas, Ribbons, Linens, Handkerchiefs, Silk Skirts, Laces.

Come in and look around. Let us help you.

W. A. EVANS NOW AGENT FOR WABASH IN CHICAGO

A letter received yesterday by John Marshall, agent for the Wabash, brought information that A. A. Evans has just been appointed city ticket agent for the Wabash in Chicago. Mr. Evans was for some time the agent for the Wabash here and from this city he went to Springfield. Just a month ago he became city passenger agent in Detroit and now a position with still more responsibility is his in Chicago. His rapid rise is an indication of the possibilities there are in railroad work for those who devote themselves unreservedly to the interests of the company.

PLACED UNDER \$1,000 BOND.

John Stark who was arrested by the police Saturday on the charge of assault to commit murder was before Justice Dyer Monday and was placed under bond in the sum of \$1,000 to await the action of the grand jury. In default of bond he was sent to jail.

YOUNG MEN'S REPUBLICAN CLUB HELD MEETING

Address Was Made By Secretary Hose of the Sangamon County Club.

The Morgan County Young Men's Republican club held an enthusiastic meeting in Armory hall Monday evening. The club now has a membership of 110 and but little soliciting for members has been done. John Larson is chairman of the membership committee and expects to start an active campaign at once. It is expected that the club will have a membership of several hundred within a few weeks.

At the meeting Monday evening President H. K. Chenoweth presided. After the routine business a smoker was enjoyed and a number of talks made. The club had as a guest John Hose of Springfield. Mr. Hose is secretary of the Sangamon County Young Men's Republican club. He made a fine address to the club and gave them some information as to the manner in which the Sangamon county club is conducted. The members greatly appreciated Mr. Hose's talk and he was greeted with applause at the close of his remarks.

REPLEVIN SUIT CAUSES EXCITEMENT

A suit for replevin, brought by Martin Link against Fred Killam, was the cause of considerable excitement in two justice courts Monday. Link is a farm hand and worked for Mr. Killam. He claimed that Killam changed coats with him and when he left his employer refused to give it up. A number of witnesses were summoned in the case which was set before Justice Dyer.

When the case came to trial a change of venue was asked and granted by the court and the case went to Justice Henderson. In that court it was tried by a jury and after hearing the evidence the jury found in favor of Mr. Killam. Link was represented by J. O. Priest and Killam was represented by John M. Butler.

John R. Phillips, Sec'y.

A FINE SERMON.

Those who have failed to hear the Rev. E. B. Landis, of Westminster church, to can scarcely realize how much they have missed.

On Sunday night Mr. Landis spoke on "The Beautiful Gate of the Temple." He first gave a careful statement of what gate was, as described by Josephus, and alluded to in the Bible, and then went in to his study of the subject of the evening. He alluded to Peter and John and their treatment of the lame man, and went into fitting deductions from the subject.

Mr. Landis has a wonderful power of holding the attention of his hearers, and those who have not heard him would do well to do so.

Mr. and Mrs. Albert Peters of Merritt were in the city yesterday visiting Mr. Peter's mother, Mrs. J. N. Peters on West College avenue.

MRS. MINERVA HAIRGROVE DIED MONDAY AFTER LONG ILLNESS

Deceased Had Spent Entire Life in Morgan County—More Than Sixty Years Member of Methodist Church.

Mrs. Minerva Jane Hairgrove died at her home, 139 Caldwell street, Monday afternoon at 4 o'clock, after an illness of four months. Death came mainly through diseases incident to old age.

Minerva Jane Whitlock, daughter of John W. and Mary Whitlock, was born in Morgan county March 9, 1834, and was therefore at the time of her death over 82 years of age. Her parents were natives of Kentucky, but came to this state among the early settlers. She was born and reared in the vicinity of Waverly and most of her life was spent there.

She was united in marriage in this county May 28, 1854, to John W. Hairgrove. A year ago the couple celebrated their 61st wedding anniversary and all of their living children were present at the home on Caldwell street. Had she lived until next Sunday, they would have been married 62 years.

Mrs. Hairgrove was for sixty-six years a devoted member of the Methodist church. She always, so long as health permitted, took an active interest in the work of the church. She was essentially a home woman, loved her home and was especially devoted to her children and was never so happy as when she had them with her.

After her marriage she settled with her husband on a farm near Waverly. There they lived happily until the breaking out of the civil war. Her husband then enlisted and served throughout the conflict and upon his return they again took up farming. They lived in Waverly and vicinity until about four years ago when they came to Jacksonville and occupied a home near that of their son, States Attorney William N. Hairgrove. Recently they have made their home with their son, W. N. Hairgrove, who gave his mother everything possible for a loving son to give.

Mrs. Hairgrove is survived by her husband and three sons, John N. Hairgrove of Virden, Elmer E. Hairgrove of Kansas City and William N. Hairgrove of this city, all of whom were at her bedside when death came. She also is survived by two sisters, Mrs. Samantha Vermillion of Frankford, and Mrs. Della Harper of Murfreesville. Thirteen grandchildren and five great-grandchildren also survive.

Funeral services will be held at 8:30 o'clock Wednesday morning from Waverly Southern M. E. church, in charge of the Rev. R. J. Watts. Interment will be in Waverly East cemetery.

It will pay you to see our swell Sport Shirts, 50c, \$1.00 and \$1.50 at TOMLINSON'S.

YATES WILL PRESIDE OVER UTILITIES COMMITTEE

Washington, May 22 — Former Governor Richard Yates of Illinois arrived in Washington today to preside over a meeting of the Committee on Service by Public Utilities of the National Association of State Railroad Commissioners. The meeting of the committee will be held here on Thursday and is for the purpose of having a preliminary discussion of the committee's report, to be made to the full convention next October. Howard Shaw of Jefferson City is also a member of the committee. The other members are: John M. Kinkel of Kansas, Joseph M. Hall of Montana, Hal-Ford Erickson of Madison, Wis., J. B. Russell of Boston and A. B. Travis of New York. Gov. Yates is chairman of the committee.

Gov. Yates will also attend the commencement exercises of the Bristol College in this city to witness the graduation of his daughter, Miss Dorothy Yates.

Isaac Watson and William Miller left Monday afternoon for Hot Springs, Ark., to spend a number of weeks. They are going for the benefit of the baths.

HUMANE SOCIETY HELD ORGANIZATION MEETING

Officers Were Elected at Session Monday Night—Purpose of the Society Outlined.

Jacksonville is going to have a humane society, as one has been started with a list of officers and fourteen members enrolled at a meeting held at the public library last evening. For many years there has been a desire on the part of many to have a good humane society in this place for surely there is enough need of one. Many horses and mules could give such testimony if they could speak, while birds and other creatures would add a word in favor could they be heard and the cause of children also should not be neglected at the same time.

The energetic efforts of Miss Florence Ward are principally responsible for getting the movement started and at her home a preliminary meeting was held a short time since and there it was decided to have a future mass meeting and endeavor to organize regularly.

Addresses Made. There are so many things constantly going on in the city that it was hard to find an evening which would suit all and as it was a good many were unavoidably detained who would have been glad to attend. As it was, a very fair number did attend and there was evidently a determination to go ahead with the work. S. W. Nichols was chosen chairman of the meeting and Miss Emma Weller, secretary. Remarks were made by Frank J. Heintz, E. F. Johnston, Gates Strawn, Mr. Hastings, Miss Ward, J. K. C. Pierson, Mrs. Chas. Scott, Prof. Isabel Smith, the chair and others, and after considerable discussion it was decided to organize a society with a president, vice-president, secretary-treasurer and an executive committee comprising the above, together with four whom the president may appoint.

It was decided that fifty cents should be the minimum membership fee and all are invited to join and pay as much more as they see fit to help along the good cause.

There is a state humane society with which this organization could affiliate or become a branch member; it can regularly incorporate under the laws of the state, or it can simply have an organization without a charter or associate membership with the state body, as may be determined later on. The main object of the meeting last evening was to get organized and let the details be decided on by the regular body later on.

Officers Chosen.

It was decided to elect officers and they were: W. A. Jenkinson, president; Frank J. Heintz, vice-president; Mrs. Clarence Reid, secretary-treasurer. Before the meeting adjourned the president announced his other four executive committee members: Miss Florence Ward, Dr. Charles E. Scott, Mrs. J. K. C. Pierson and Carl Robinson.

A committee to solicit members was appointed: Miss Florence Ward, Dr. R. O. Post, Mrs. Charles Scott, Miss Emma Weller and Mr. Hastings.

After adjournment Miss Ward opened her books and fourteen persons came forward with the requisite fees and enrolled as members.

This was regarded a good beginning. This meeting adjourned subject to the call of the president to whom the canvassing committee will report.

HERE TO INVESTIGATE OILED PAVEMENTS

George Dupuy of Taylorville was in the city yesterday investigating the question of street sprinkling. He has the contract for the work where he lives and is using water which he finds very unsatisfactory and came here to investigate the merits of oil. He says they have twelve miles of street pavement in Taylorville and find water sprinkling not at all sufficient and he came here to see what the people of Jacksonville think about oil.

After making a complete canvass of the situation and interviewing a great many patrons he said he found the great majority in favor of oil. He says it is unpleasant for horses, especially on the square where the bricks are smooth but on the other hand in hot weather a sprinkling wagon going all the time can hardly keep down the dust. He says Mr. Cocking told him that last year too much oil was used but that would be avoided this year. He said he found far the greater part of the business men favoring oil as it kept down the dust better than water. One merchant said a sprinkling wagon might go about the square in a hot summer day and by the time it had made one trip around the surface it sprinkled would be dry again.

FIELD DAY PROGRAM

Students of Jacksonville high school will enjoy the annual field day exercises today at Nichols Park. Events will begin at 10 o'clock when there will be a concert by the high school band. This will be followed by forenoon baseball games. At noon picnic dinner will be served. Dancing, tennis, golfing and boating will be included in the afternoon activities.

GAMES WERE CANCELLED.

The game between the Jacksonville team and the Combinations of Peoria scheduled for Sunday was cancelled on account of rain. The game between the Independents and the Decatur Blues was also cancelled on account of the weather.
